THE GREATEST SHOW ON EARTH

PLAYING LIVE JUST FOR YOU

YOUR TIMING COULDN'T BE BETTER

BECAUSE TODAY'S THE DAY YOU TAKE THE FIRST STEP TOGETHER

TO EMBRACE THE WORLD OF CARBON ZERO

TO SAY GOODBYE TO THE PETROL STATION

AND HELLO TO NATURE'S POWER STATION

A NEW WORLD AWAITS YOU

GO SOMEWHERE GOOD WITH MITSUBISHI

ASX VR-e. MADE FOR MORE OF THIS.

Electric avenue.

ASX VR-E. 100% ELECTRIC, 100% YOU.

» MODEL SHOWN ASX VR-E EXCEED *in Sage Green.*

ASX VR-e.

» MODEL SHOWN ASX VR-E EXCEED *in Sage Green.*

» STAGE PRESENCE

With undeniable stage presence, there's a reason it looks so good. Designed in partnership with legendary Italian auto design house Pininfarina and EV specialists Foxtron. Mitsubishi's full EV offers exquisite design, advanced technology and serious performance. ***ASX VR-e*** gets a standing ovation.

» DIAMONDS ARE FOREVER

Set jewel-like into the front grille, you'll find the familiar Mitsubishi three-diamond logo. With these diamonds out in front, you have the reassurance of Mitsubishi behind you. You're supported by Mitsubishi's nationwide dealer network, Diamond Advantage Warranty, eight-year battery warranty and more than five decades of experience in New Zealand.

» CRITICAL ACCLAIM

Every drive is a star performance. The rear-wheel-drive models produce 171 kW and 350 Nm, and acceleration from 0-100km/h in 6.8 seconds. The top of the range GSR adds a second electric motor and all-wheel drive, doubling the maximum torque to 700 Nm and propelling the car to a 0-100 km/h time of just 3.9 seconds.

» SMART TECH

ASX VR-e is the first Mitsubishi in New Zealand to feature Mitsubishi Connect. Using the downloadable smartphone app, you can check charge status, remaining range, precondition the cabin and locate the vehicle. Remote features add even more convenience, with over-the-air software updates keeping your vehicle up to date, while Remote Parking Assist lets you manoeuvre in or out of tight parking spots without being inside the vehicle.

VR-e you.

ASX VR-E GIVES YOU FRONT ROW SEATS
TO YOUR NEXT ROAD SHOW.

An aerodynamic work of art.

DESIGNED TO SLIP THROUGH THE AIR.

ASX VR-e combines up-to-the-minute design with aerodynamic efficiency. The body shell's pronounced curves have been sculpted by the legendary Italian design house Pininfarina.

Generations of styling experience have produced a high-performance, wide, low, ground-hugging car. Airflow is directed over and through the body shape with a combination of air curtains, active grille shutters, flush door handles, a rear aero spoiler and an over-bonnet S-Duct. Even the wheel design adds to the car's quietness and efficiency, giving it an exceptional ability to cut through the air.

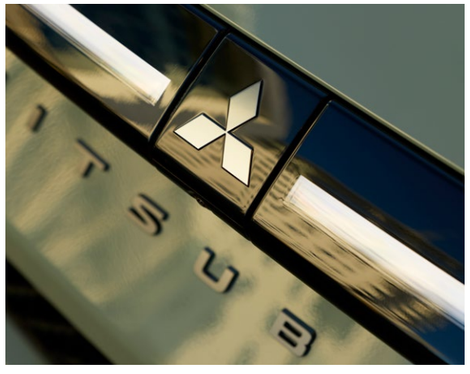

What this means for you is a car with increased high-speed stability, greater range, a quieter cabin and a sleek, sporty look.

» MODEL SHOWN ASX VR-E EXCEED *in Sage Green.*

» DYNAMIC WELCOME (ABOVE)
Horizontal LED lights offer three different animated welcome sequences when you unlock the car.

» S-DUCT (LEFT)
An S-Duct is a race-developed internal aerodynamic channel that smooths out airflow and increases stability.

Adding to the aerodynamic design, the car features a panoramic glass roof* that blends seamlessly into the rear spoiler. From the outside, it adds to the car's streamlined look while inside it bathes the cabin with natural light. To further aid the smooth airflow over the car's body, the door handles are set flush into the four doors. These open as you approach with the remote key fob and extend automatically, allowing effortless entry.** They will then reset themselves flush after the doors close.

Front or 'frunk' storage** can be accessed with two clicks on the key fob. Inside the frunk you'll find space ideal for smaller shopping bags or a weekend bag.

*Available on Exceed and GSR models.
**Available on XLS, Exceed and GSR models.

What's inside.

A PREMIUM TECHNOLOGY-LED CABIN, OFFERING VARIABLE DRIVING CHARACTERISTICS.

The ***ASX VR-e*** recognises that every drive and driver are different, so at the heart of this EV sits the capability to adjust your preference settings to suit your mood and mission. In front of you, a large 15.6-inch central infotainment screen and a 9.2-inch driver display screen are your command and control.

Here you can access most of your comfort and driving preferences. Three selectable drive modes – Eco, Comfort and Sport – allow you to tailor the vehicle's driving characteristics to suit the journey. Each change makes a tangible difference to the way the car drives, with a corresponding change to the driver display.

Drivers can also independently select Standard, Heavy or Light steering feel, providing a car that performs just the way you like it.

» REMOTE PARKING ASSIST
Tight parking spot? Let your ASX VR-e park itself.

» MODEL SHOWN ASX VR-E EXCEED

Remote Parking Assist* is another feature developed to meet a driver's need.

This system moves your vehicle straight forward or back into or out of tight parking spots without you needing to be inside. Operated simply from your key fob, you'll wonder how you ever did without it. All the other parking assist features like Multi-Around View Monitor*, parking sensors and Rear Cross Traffic Alert are onboard ***ASX VR-e*** too.

**Available on XLS, Exceed and GSR models.*

Mitsubishi Voice Command lets you adjust comfort and drive functions by simply talking to your car. Change cabin temperature, music volume, drive modes or make a call by just saying what you need.

So now that you can talk to your car, it's always going to be happy to see you again. Dynamic Welcome Light is a feature that lets you set one of three custom light sequences that activate when you unlock the car.

Welcome back.

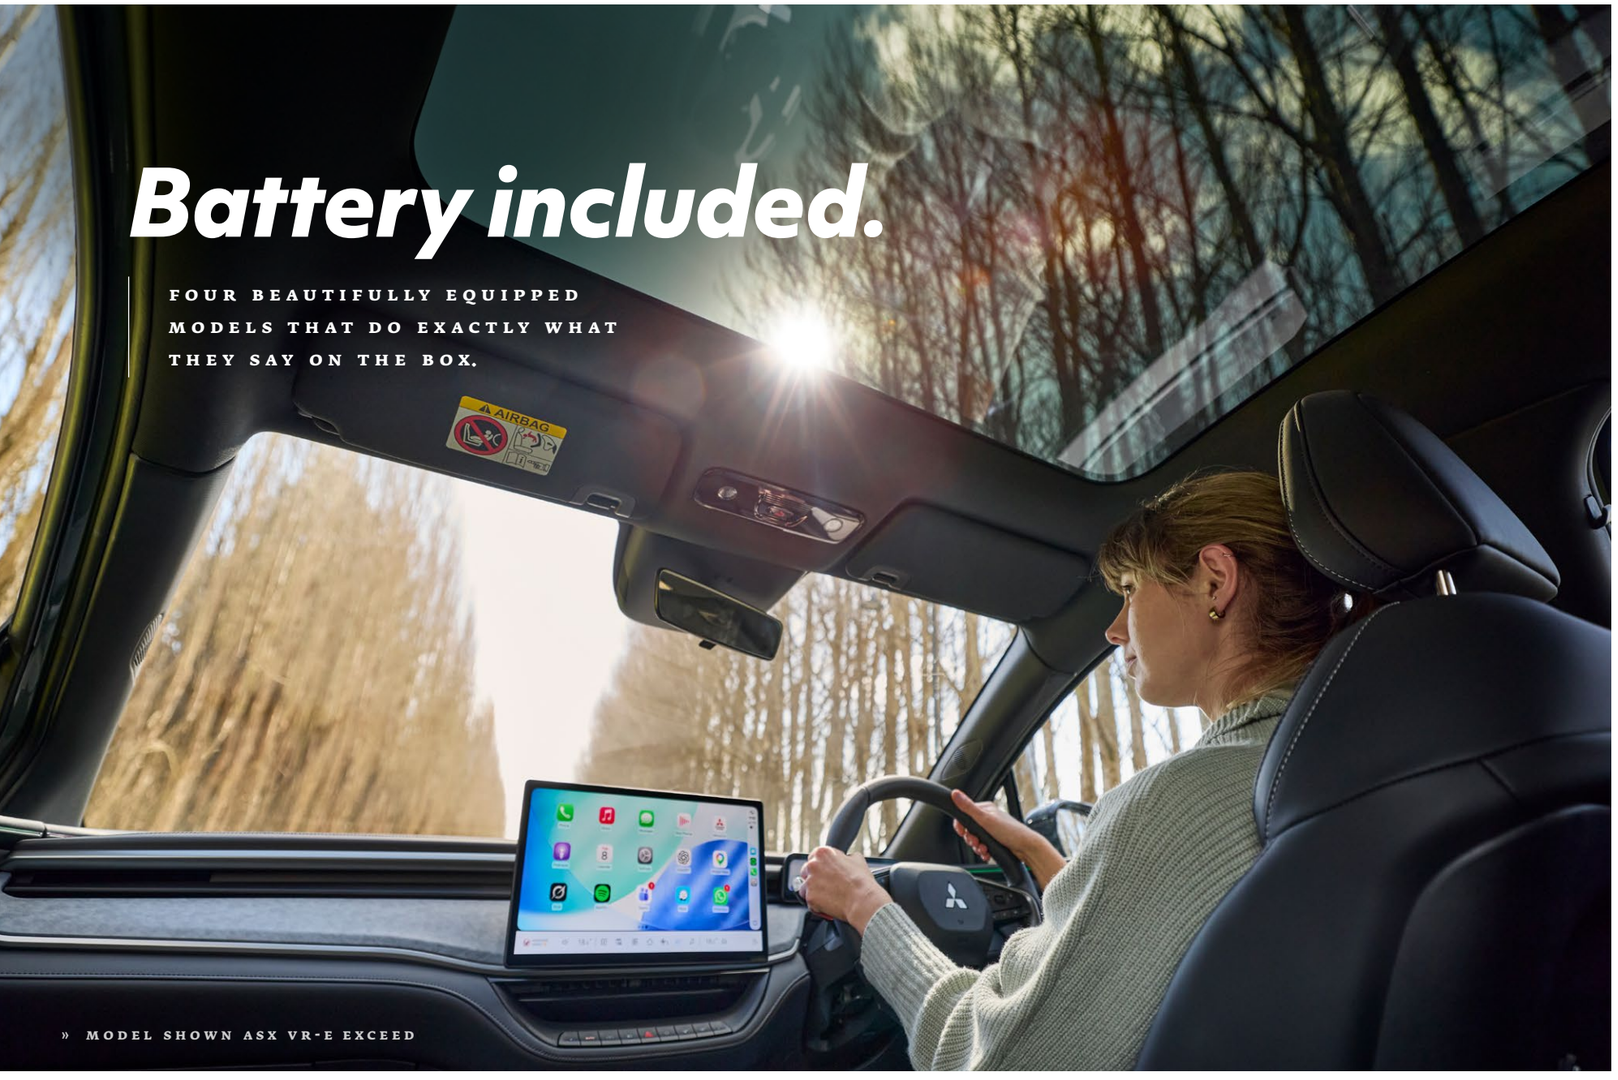

ASX VR-E WILL AUTOMATICALLY UNLOCK AND EXTEND ITS DOOR HANDLES WHEN IT SENSES YOU APPROACHING WITH THE KEY FOB.*

**Available on XLS, Exceed and GSR models.*

» MODEL SHOWN ASX VR-E EXCEED *in Sage Green.*

Battery included.

FOUR BEAUTIFULLY EQUIPPED MODELS THAT DO EXACTLY WHAT THEY SAY ON THE BOX.

» MODEL SHOWN ASX VR-E EXCEED

All models support DC fast charging at up to 134 kW, enabling a 10-80% charge in about 30 minutes under suitable charging conditions. Five levels of adjustable regenerative braking and One-Pedal mode give you control of energy recovery and vehicle deceleration.

Then there's the handy vehicle-to-load (V2L) feature that allows the ***ASX VR-e*** battery to provide up to 3.6 kW of external power through an accessory adapter – useful for everything from power tools and equipment to camping or charging laptops and tablets.

Much like your smartphone, over-the-air (OTA) software updates will become available, enabling the system to continuously improve and refine capabilities. Updates can adjust battery and drive systems, improving performance, efficiency, and range.

ASX VR-e is Mitsubishi's first Connected Car, with wireless control that allows operation of certain features of the car remotely. Via the app on your smartphone, you can check and control key functions of your vehicle like in-car temperature, charge progress, and vehicle readiness.

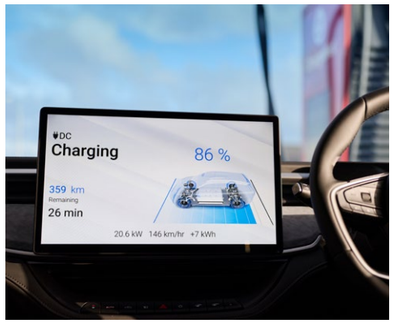

Goodbye petrol, hello electrons. The power centre of the ***ASX VR-e*** is its 57.7 kWh lithium iron phosphate (LFP) battery. Mitsubishi has chosen LFP battery technology because it delivers a much longer lifespan, with improved safety and easier charging. The ***ASX VR-e*** battery is also engineered with CITMS, a safety system that enhances battery cooling and stability.

You have a choice of four models in the ***ASX VR-e*** range. LS, XLS and Exceed are all rear-wheel drive. LS delivers up to 403 km range on a single charge. XLS offers up to 398 km and Exceed up to 380 km.

Each of these models produces 171 kW and 350 Nm, with a 0–100 km/h acceleration time of 6.8 seconds.

If you're looking for significantly more performance, the GSR model adds a second electric motor and all-wheel drive, doubling the maximum output to 342 kW and a whopping 700 Nm. This package splits the air with a breathtaking acceleration figure of 0-100 km/h in just 3.9 seconds – making the ***ASX VR-e*** the fastest Mitsubishi ever offered in New Zealand.

» FULLY-CHARGED

While charging, all the battery information and charging times are clearly displayed on the 15.6-inch IVI screen.

» ALLOY WHEELS

LS and XLS models are fitted with 18-inch monotone alloy wheels, Exceed and GSR sport 20-inch two-tone alloy wheels (shown).

The sweet spot.

FOUR REASONS TO PUT AN ASX VR-E IN YOUR DRIVEWAY.

» VR-E ELECTRIC

There's something very exciting about a whole new way of getting around. No weekly spend at petrol stations, no oil, no engine noise. Just jump in, set your preferences, put your foot down, and go.

» TRUST IN THREE DIAMONDS

With Mitsubishi's three diamonds on the front, you've got the assurance of Mitsubishi behind you. A nationwide dealer network, a proven Diamond Advantage Warranty and over 50 years of trust and support in New Zealand.

» DESIGN CREDENTIALS

Designed in partnership with world-famous auto design house Pininfarina, EV technical wizards Foxtron, and backed by Mitsubishi Motors, the all-new ***ASX VR-e*** sets an exciting new standard.

» PERFORMANCE POSITIVE

Choose from four exceptional models. LS, XLS and Exceed each feature a powerful rear-mounted electric motor. Or you can choose the fastest Mitsubishi ever sold in New Zealand: the rapid ***ASX VR-e*** GSR.

» MODEL SHOWN ASX VR-E EXCEED *in Sage Green.*

A quieter way to get away.

SMOOTH, PEACEFUL AND ALL-ELECTRIC.

» MODEL SHOWN ASX VR-E EXCEED *in Sage Green.*

Have fun. Stay safe.

SLEEK, QUIET AND PACKED WITH CLEVER SAFETY TECH.

» MODEL SHOWN ASX VR-E EXCEED *in Sage Green.*

» DRIVER SAFETY AIDS
ASX VR-e employs a suite of radar, multiple sensors and cameras, plus seven airbags to keep you safe.

» HEY MITSUBISHI!
Change drive modes, climate, music volume and much more with just a voice command.

» TYRE PRESSURE MONTHOR
Safely check your tyre pressures without getting out of the car.

» PET MODE
Dashing into the shops? Use Pet Mode to monitor a comfortable cabin temperature and leave an on-screen message saying your pet is cared for.

ASX VR-e combines advanced safety and driver aids designed to create a better driving experience for you and a safer environment in and around it.

ASX VR-e is fitted with an Advanced Radar and Camera System. A windscreen-mounted front camera and two front-bumper radars improve situational awareness and safety.

A new development for Mitsubishi is Child Presence Detection. This feature is designed to alert you if a child has accidentally been left in the car. All models across the range are fitted with seven airbags.

Other driving aids include Blind Spot Detection, Rear Cross Traffic Alert, Forward Collision Warning and Adaptive Cruise Control linked to Lane Following Control. This feature is designed to make long periods of highway cruising easier and less demanding on the driver. This system will steer the car in its lane requiring only that you keep your hands lightly on the steering wheel.

Battery safety hasn't been overlooked either, with the inclusion of the Centralised Intelligent Thermal Management System (CITMS). This system uses water cooling for strict temperature regulation, improving battery lifespan and safety. The battery carries our full 8-year Mitsubishi warranty.

And ***ASX VR-e*** hasn't forgotten your four-legged friends either. If you're dashing into the shops and your best mate is in the car, simply engage the Pet Mode feature. This allows you to set and maintain a comfortable cabin temperature and at the same time display a message on the screen to anyone outside the car that your pet is being cared for. Good boy, Whittaker!

An EV with IQ.

A STUDY OF STYLE WITH SUBSTANCE.

» MODEL SHOWN ASX VR-E EXCEED *in Sage Green.*

Make yourself comfortable.

WATCH THE WORLD GO PAST FROM YOUR NEW FAVOURITE PLACE.

» MODEL SHOWN ASX VR-E GSR

So much of this new car can be personalised to set your own premium levels of comfort, sound and vision. From the 15.6-inch infotainment screen you can build your own world of comfort. XLS, Exceed and GSR models let you choose from 64 colours of wrap-around ambient lighting to harmonise with your mood or drive mode.

And if that sounds like a bit of you, wait until you hit play on your favourite song. Exceed and GSR models are equipped with an amazing 12-speaker audio system including a powerful bass subwoofer for premium sound.

The Voice Command system enables control of key functions. Simply speak to the car and it will immediately act on your request. Voice command can be used to adjust temperature settings, change drive modes, use phone and communication features and adjust music volume, all hands-free.

XLS, Exceed and GSR models have heated and ventilated front seats with trim levels ranging from smart fabric trim on LS through to blue-stitched microsuede on the top-of-the-range twin-motor GSR.

» CLIMATE CONTROL (ABOVE)
Climate control is adjusted with visual reference on the 15.6-inch touchscreen. ASX VR-e Voice Command lets you adjust cabin temperature just by speaking to the car.

» USB-C FOR CONNECTIVITY & CHARGING (MIDDLE)
Two front USB-C ports, one for media and one for charging, plus two rear 18W USB-C charging ports.

» LS SEAT TRIM
A smart, comfortable woven fabric designed for everyday use

» XLS/EXCEED SEAT TRIM
Perforated synthetic leather with white highlight stitching.

» GSR SEAT TRIM
Perforated synthetic leather and microsuede with blue highlight stitching.

Go above and beyond.

THE ASX VR-E DESIGNED TO EXCEED EXPECTATIONS.

» FRUNK

ASX VR-e features an additional 30 litre (VDA) front storage area equipped with a bag hook.

Closing details.

ASX VR-E BRINGS YOU SMART FEATURES THAT IMPROVE YOUR OWNERSHIP EXPERIENCE.

» POWER LIFTGATE (ABOVE)

*The power liftgate allows you to open and close your vehicle's rear hatch automatically using buttons, your key fob or the smartphone app.***

» IN FULL CONTROL (MIDDLE RIGHT)

While many settings and functions are controlled via the IVI screen, a good balance of physical buttons is maintained for driver accessibility.

» SOUND SYSTEM (TOP RIGHT)

Exceed and GSR models feature a premium Seas 12-speaker sound system, including subwoofer.

» 15.6-INCH IN-VEHICLE INFOTAINMENT SCREEN

A 15.6-inch in-vehicle infotainment (IVI) touchscreen serves as the central hub for key vehicle functions.

**Available on XLS, Exceed and GSR models.*
***Available on Exceed and GSR models.*

At your service.

Your new car is a complex machine designed and built to deliver new levels of comfort and safety to you and your passengers.

An important part of owning your new Mitsubishi is having it serviced at the correct factory-prescribed intervals.

On-time Mitsubishi servicing, and the fitting of genuine, approved parts, will extend your car's life and maximise its resale value.

While servicing includes obvious things like replacing the fluids and filters, it also includes model-specific diagnostic checks that prevent problems occurring in the future. Your Mitsubishi dealer will use genuine Mitsubishi parts when taking care of your car.

Your properly maintained and serviced Mitsubishi will run more efficiently, reducing running costs, helping prevent breakdowns and keeping you safer.

All Mitsubishi dealerships have factory-trained technicians on hand to ensure your car's service is carried out to the correct standard.

Your car is further protected with Mitsubishi's exceptional Diamond Advantage Warranty and our 8-Year Battery Warranty.

Protect your investment at your Mitsubishi dealer. We're at your service.

» TLC (ABOVE)
Every detail taken care of.

» UNDER-BODY CHECKS (LEFT)
Your safety is critical.

Why Mitsubishi?

WE KNOW THAT CHOOSING A NEW VEHICLE IS A BIG DECISION. THAT'S WHY CHOOSING A MITSUBISHI IS A SMART, AND SAFE, CHOICE.

Reliability. Mitsubishi cars are built around a philosophy of reliability and quality. The technology and materials used to make a Mitsubishi vehicle are rigorously tested, so you can expect many years of trouble-free ownership.

Value. Mitsubishi cars offer exceptional value for money. From the purchase price to the servicing costs, you'll find them very hard to beat. Across the range, you'll find our cars are packed with the features and technology you'd expect on a much higher-priced vehicle.

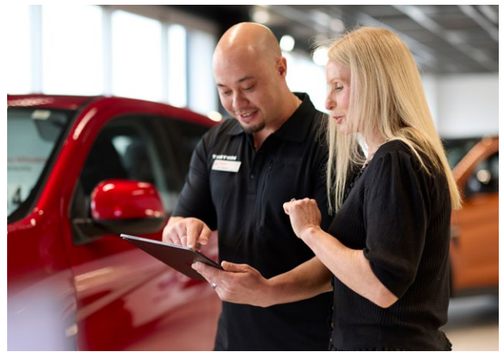

Design. Beautiful to look at and be seen in. Our Mitsubishi vehicles feature up-to-the-minute design and fashionable colourways. The driving experience is enriched with needs-based technology that just 'gets' what you need to manage your daily drive.

Trusted. Look around you. Hardly a minute will pass before another happy Mitsubishi owner goes past. Kiwis have been driving Mitsubishi vehicles on Kiwi roads for over 50 years. There's a reason you see so many today; people trust them.

Warranty. Mitsubishi stands behind its vehicles offering one of the very best warranties in the country. The legendary Diamond Advantage 10/5 Warranty is something few other manufacturers can match, which means you have the ultimate peace of mind.

Service. Mitsubishi is a multi-year winner of the Kantar Exceptional Service Award. This applies to not only the service you receive from Mitsubishi, but also the service your car receives when it's due for maintenance.

Safety. Mitsubishi cars are packed with a vast suite of safety and driver aids that protect you and your family every minute of your drive.

Nationwide Dealer Network. No matter where the road takes you, you can be confident that support is never far away. With over 60 Mitsubishi Dealerships throughout the country, expert help is always close by.

Sustainability. Mitsubishi was the first carmaker to introduce a mass-produced EV, the i-MiEV. For over a decade, Mitsubishi has been the trusted leader in plug-in hybrid electric vehicles.

Local Parts Availability. With over a million Mitsubishi parts held in stock in our centrally located warehouse in Wellington, we ensure quick and efficient parts supply across New Zealand.

Factory-Trained Technicians. At any Mitsubishi dealership across our network, you can be assured that your car is worked on by factory-trained and certified technicians.

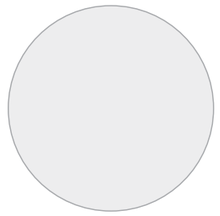

» *With over 60 Mitsubishi Dealerships and Service Centres throughout New Zealand, expert help is always close by.*

While we have made every effort to ensure that the specifications are correct at the time of printing, Mitsubishi product is constantly developing. We reserve the right to change the specifications, colours and prices of models and items within this brochure. For current specifications always contact your Mitsubishi dealer.

Mitsubishi Motors New Zealand thanks the following people of Christchurch for their generous assistance in the production of this brochure.
Madeline Stevens, Cathryn Allwood & Euan Cunningham, Michael at Clearwater Golf Club and Resort, Bridget and Lianne at Isaac Theatre Royal, Mel at Te Pae Christchurch Convention Centre, Rogielou at Christchurch City Council, Georgia at Te Matatiki Toi Ora The Christchurch Arts Centre.

A VERY WELL-MADE WARRANTY

There's no better protection for your new Mitsubishi than our ***Diamond Advantage Warranty***. Whichever Mitsubishi you see yourself in, wherever the road takes you, you'll be thoroughly covered from bumper to bumper.

Our ***Diamond Advantage Warranty*** comprises a **10-Year / 160,000 KM Powertrain Warranty** that covers everything from electric motor to axle; a **5-Year / 130,000 KM New Vehicle Warranty**; and **5 Years' Premium Roadside Assist**, which looks after you if the unexpected should happen. It's the warranty designed for complete peace of mind.

The ASX VR-e LFP battery is covered by our **8-Year / 160,000 KM Warranty**, which is very reassuring protection for one of the vehicle's main components.
