Inside, soft-closing doors and Nappa* leather massaging seats create a calm, crafted sanctuary, with a choice of a 6-seat captain's-chair layout or a versatile 7-seat configuration. With vehicle-to-load transforming the B8 into a mobile power source and a Devialet sound system immersing the senses, the B8 turns exploration into a distinctly refined experience.

DiSUS-P

The DENZA B8 comes equipped with **DiSUS-P intelligent hydraulic suspension** offering 140 mm of travel. With DiSUS-P, the maximum approach and departure angles reach up to 34° and 35° respectively, and wading depth of up to 890mm - up from 800mm at its standard ride height.

CELL-TO-CHASSIS

The DENZA B8 incorporates **Cell-to-Chassis (CTC) structure** that integrates the battery into the chassis for greater rigidity and strength. 96% high-strength steel in the body and 19% ultra-high-strength steel in impact zones helps the B8 achieve a 30% reduction in front impact and 25% reduction in side impact intrusion.
