FORD **PERFORMANCE**

A special breed of tough

Engineered to thrive in the world's most brutal environments, Raptor can handle the most aggressive off-road driving. So, how do you improve the ultimate performance vehicle? You keep the truck just as tough, but add a host of Special Edition refinements. Meet the Ranger Raptor X.

Built to be punished

We designed Ranger Raptor X's entire frame to be ultra-durable and to handle punishing surface drop-offs most other trucks simply can't survive. 283mm of ground clearance puts ample space between you and almost any off-road obstacle. A 32.5° approach angle, 24° departure angle, and 24° break-over angle help you tackle harsh gradients, and class-leading 850mm water wading makes light work of epic river crossings².

More Top-End Power.

More Bottom-End Torque

The innovative Bi-Turbo diesel engine's two turbos work sequentially to deliver huge power and torque on demand.

10-Speed Auto Transmission

Ford's latest transmission technology works seamlessly with its turbocharged engine for improved power delivery and quicker gear changes.

6-Mode Terrain Management System

Designed and engineered to stringent Ford Performance standards, a cutting-edge Terrain Management System offers six pre-set driving modes to conquer virtually any terrain, at the push of a button.

Welcome to the world of Ford connectivity

Every 2021.75MY Ranger Raptor X will arrive fitted with an embedded modem known as FordPass Connect. Using the FordPass App on your smartphone⁴, you can locate your vehicle, lock and unlock the doors, and even start the engine remotely to heat or cool the cabin to the last known setting⁵.

SYNC®3 Apple CarPlay™ & Android Auto™1.

Ranger Raptor X's voice-controlled SYNC®3 system keeps you connected, entertained, and on track. The 8-inch touchscreen features a unique start-up screen and supports functionalities like swipe and pinch-to-zoom.

Magnesium Paddle Shifters

High-quality magnesium paddle shifters on the perforated leather steering wheel allow for fast shifting without taking your hands off the wheel.

Race-Bred Suspension

Ranger Raptor X's suspension system was calibrated to tackle tough terrain. Standard 2.5-inch FOX Racing Shocks deliver 30% more wheel travel compared to Ranger.

Asphalt Black Wheels

The new-look 17" black wheels feature 33-inch BF Goodrich® high-tech All-Terrain tyres, boasting precise tread pattern, longer tread life, and tougher side walls compared to standard factory tyres.

Body-Contoured Sports Seats

Ranger Raptor X's purpose-built sports seats include unique head rests, enhanced bolsters and suede inserts for better body grip when driving off-road.

Bash Plate with Red Tow Hooks

The Ranger Raptor X's 2.3mm thick high-strength steel bash plate will absorb the impact from almost any off-road event and, if you ever need help with recovery, the two tow hooks offer peace of mind.

Tough Down to the Details

Along with the unique body stripes across the bonnet, roof, side and rear, the Ranger Raptor X's long-legged tubular sports bar adds to its distinct, rugged profile. And, the Tough Bed Spray-in Bedliner provides industrial-strength long-lasting protection with a uniform, high-grip textured surface.
