

# D90

SUV

**BRING  
IT ON.**

**GET OUT THERE** BRING THE CREW

The LDV D90 is a large, spacious 7-seat SUV that makes your day to day more comfortable, packing style, safety features, performance and technology.

Choose from petrol and diesel engines, 2WD or 4WD and two trim levels for even more control over how you move about your day.

For an SUV that takes you seamlessly from your working day to the weekend, look no further than the LDV D90.

## D90 PETROL

With the power of an LDV D90 at your fingertips, it's never been so easy to get around every day, and get away from it all. The 160kW/350Nm turbo-charged petrol engine and a six-speed automatic gearbox with three driving modes – Auto, Sport and Eco – give you the power to tackle everything from hilly motorways to stop-and-go weekend traffic. Best of all, the end of the road doesn't mean the end of your road. You can opt for a robust four-wheel-drive system that keeps you ready with selectable driving modes. Even with all this power, the D90 comes equipped with automatic engine stop/start for more efficient driving around town. From work to weekend, the LDV D90 has you covered.

**BUILT FOR THE EVERYDAY AND THE GETAWAY**

**MORE POWER MORE PERFORMANCE**

When you choose an LDV D90 with an in-house designed 2.0-litre bi-turbo diesel engine, you're ready to break through the boundaries of everyday driving. Featuring an impressive 158kW/480Nm, the D90 Diesel has one of the highest outputs in its class.

The D90 Diesel's 3,100kg towing capacity will handle your load, delivering the capability to haul pop-up campers, quad bikes and trailers behind you with ease. The ladder frame chassis provides the characteristics needed for towing, unlike the monocoque chassis found in similar models.

The LDV D90 Diesel is here to give you performance and plenty of it.

**D90 DIESEL**

With a spacious interior, the LDV D90 is built with room and comfort for you and all your passengers. It's a true 7-seater with plenty of space for seven adult passengers.

There's plenty of room for storage, too. There's 343 litres at your disposal in the back with all the seats up. Folding down one row unlocks 1,350 litres of storage, while folding all the rear seats down gives you a whopping 2,382 litres to load up.

With all this room, you can pack your bags, equipment and everything else you need for a great day wherever life takes you. And it's just as easy to load and unload everything from the back, especially with the electric tailgate on Executive models.

Skip making the tough calls about who and what stays and goes. Just chuck it all in, and hit the road.

**GET MORE OUT OF YOUR TRIP  
BY PACKING IT ALL IN**

## BIG, BOLD AND BEAUTIFUL

With its superior size and stylish looks, the LDV D90 is hard to miss.

Ride atop impressive 18" alloy wheels that come standard, or 19" on Executive models. Durable roof rails make carrying extra cargo look good. Same goes for the sturdy side steps that help everyone get on board safely. Inside you'll find luxuries like a large 12 inch touch screen. Executive models also come with a leather steering wheel<sup>1</sup> and leather trim<sup>1</sup> first and second row seats and a sunroof that lets you enjoy a fresh breeze and the best of the great outdoors.

One of the larger SUVs in its class and full of features, this is one vehicle that certainly stands out from the crowd.

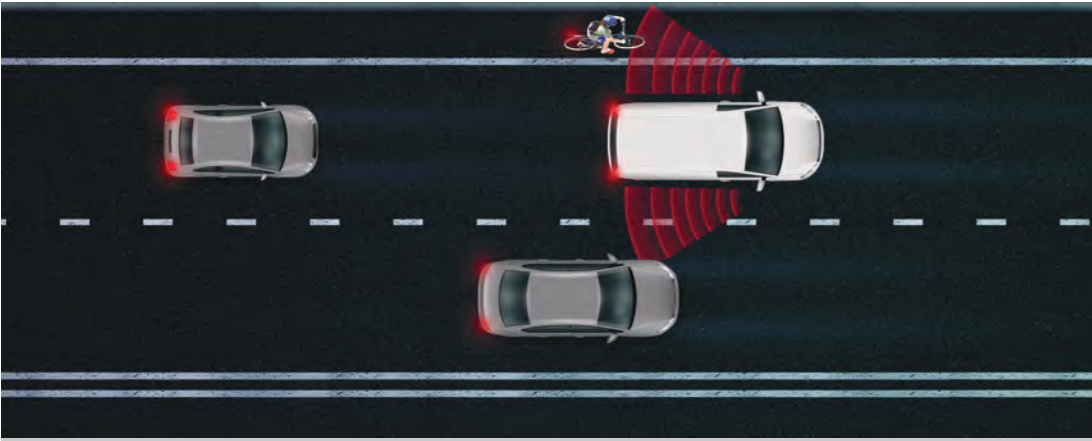

1. Leather accented features and upholstery contain some synthetic materials.

The LDV D90 delivers all the smart features you'd expect from an SUV in today's digital world.

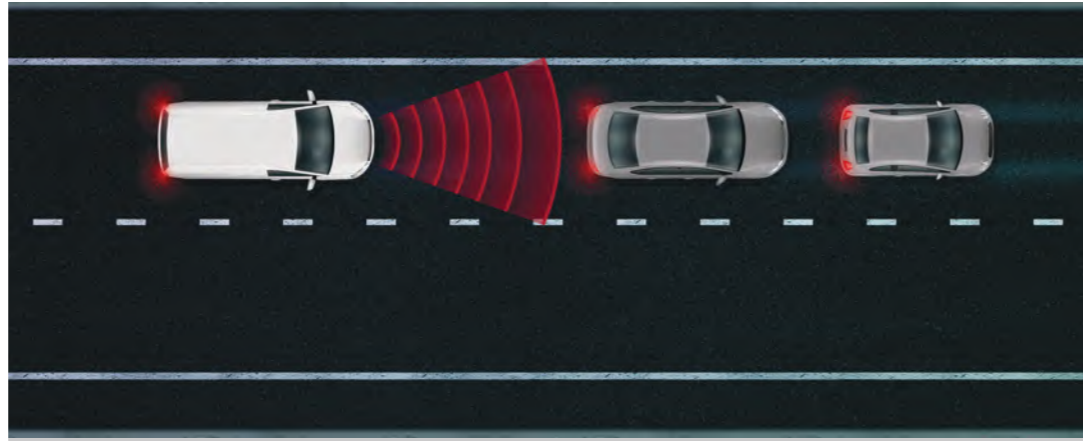

A sharp 12" touchscreen system takes centre stage – a dashboard display that keeps you connected. Smartphone connectivity, including Apple CarPlay® and Bluetooth, provides hands-free calling, messaging, navigation and music control. With three USB ports, everyone on board can be fully charged up and ready for anything. And thanks to keyless entry and a push button start system you'll be on the road faster.

In Executive models, multi-zone climate control keeps all your passengers happy and comfortable. And the electric tailgate makes loading and unloading even easier.

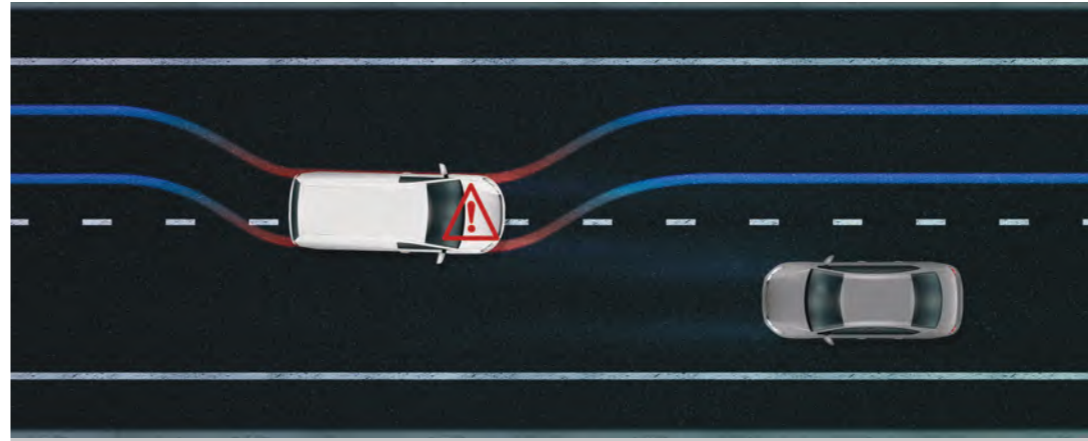

## BLIND SPOT MONITORING

Blind Spot Monitoring (BSM)<sup>2</sup> uses sensors to detect approaching vehicles in your side mirror blind spot, alerting the driver of a risk of collision.

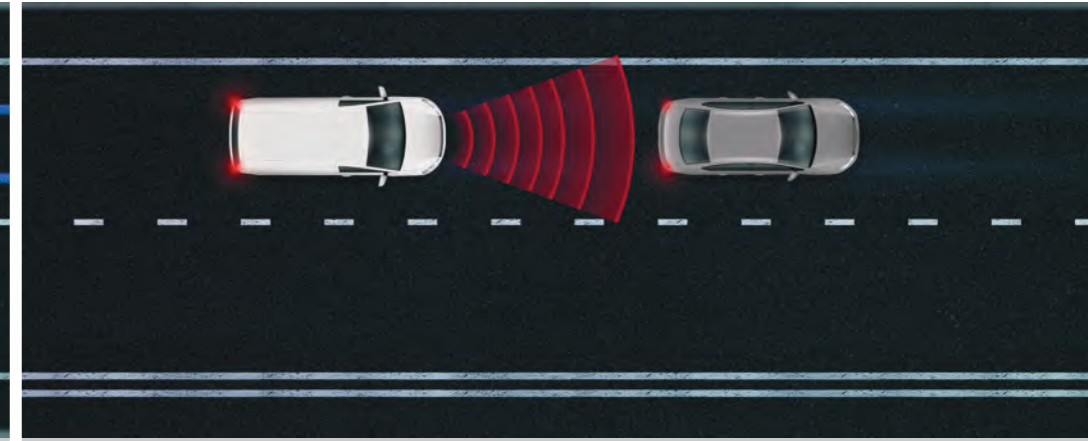

## AUTONOMOUS EMERGENCY BRAKING

Autonomous Emergency Braking (AEB)<sup>2</sup> uses the front sensors to detect obstacles close to the vehicle. If the driver fails to take action, AEB will automatically apply the brakes.

## LANE DEPARTURE WARNING

Lane Departure Warning (LDW)<sup>2</sup> provides a warning to the driver when the vehicle drifts unintentionally out of the lane.

## FRONT COLLISION WARNING

Front Collision Warning (FCW)<sup>2</sup> provides a warning to the driver when pedestrians, bicycles or vehicles are detected close to the vehicle.

# SERIOUS ABOUT SAFETY

Incorporating driver assistance safety technology, your D90 has got your back.

Every D90 comes with standard:

- > Autonomous Emergency Braking (AEB)<sup>2</sup>
- > Adaptive Cruise Control (ACC)<sup>2</sup>
- > Front Collision Warning (FCW)<sup>2</sup>
- > Lane Departure Warning (LDW)<sup>2</sup>
- > Hill Descent Control (HDC)<sup>2</sup>
- > Hill-start Assist System (HAS)<sup>2</sup>
- > Electronic Stability Program (ESP)<sup>2</sup>
- > Fatigue Reminder and Attention Assist<sup>2</sup>
- > Traffic Sign Recognition (TSR)<sup>2</sup>

2. Safety technologies may not operate optimally under all driving conditions and effectiveness depends on many factors. The driver is responsible for safe and attentive driving. See owner's manual for complete details.

When it comes to safety, the D90 has it covered with a comprehensive suite of driver-assist tech can help you stay safe wherever you are, from busy car parks to long stretches of highway. Blind Spot Monitoring<sup>2</sup> gives you increased peace of mind when changing lanes, while Traffic Sign Recognition brings key road signs to your dashboard display. Lane Departure Warning<sup>2</sup> lets you know if you're veering off course, while Adaptive Cruise Control<sup>2</sup> helps keep you within legal limits. There's even Autonomous Emergency Braking with Front Collision Warning<sup>2</sup>, so your D90 will apply the brakes if the car in front of you suddenly slows down. Reversing cameras and front and rear parking sensors help you parallel park and get in and out of tight spaces. It's safe to say the LDV D90 was built with safety in mind.

2. Safety technologies may not operate optimally under all driving conditions and effectiveness depends on many factors. The driver is responsible for safe and attentive driving. See owner's manual for complete details.

## ABOUT US

LDV is a division of SAIC Motor, which is a Fortune Global 500 company and the 84th largest company in the world.<sup>3</sup> SAIC Motor sells over 5 million vehicles annually and has joint ventures with Volkswagen and General Motors. In 2009 SAIC Motor acquired the commercial vehicles division of British Motor Corporation, which included LDV.

## A WARRANTY YOU CAN COUNT ON

All LDV D90 SUVs come with a 5-year or 130,000km (whichever occurs first) new vehicle warranty and access to a loan car program for warranty repairs should your vehicle be offroad for more than 48 hours. Terms and conditions apply.<sup>4</sup>

LDV owners enjoy the backing of our nationwide dealer network's comprehensive sales, service and parts assistance around Australia. For more information and to find your nearest dealer, visit [ldvautomotive.com.au](http://ldvautomotive.com.au)

<sup>3</sup>. 2023 Fortune Global 500.
