

LDV T60 Ute

**BUILT TOUGH BUT
PACKED WITH FEATURES**

The T60 Ute has the tough build and all the robust features needed to take you anywhere, be it work or play. Not forgetting the rugged good looks to match. Don't expect you or your passengers to rough it either; cruise in comfort, thanks to a host of innovative technologies, creature comforts and **5 star ANCAP Safety Rating** (2017). You're definitely in good hands.

Now you can please all the people, all the time – from workday to weekend, and everything in between. And with two dual cab trim levels, Pro and Luxe and the Mega Tub, we dare you to find an option that isn't suited to you and your needs.

YOUR EXPERIENCE
IS YOUR CHOICE

Dependant on trim level and model, your experience is your choice:

- | | |
|---|---|
| 360° View Camera | 6 speed Manual or Automatic Transmission |
| Automatic LED Headlights | Chrome Sports Bar |
| Tyre Pressure Monitoring System (TPMS) | Tub Liner |
| Adaptive Front-lighting System (AFS) | Rear on Demand Differential Lock ³ |
| Climate Control Air Conditioning | 5 year /130,000 km ⁴ Warranty |
| 6 Airbags | 10" Touch-Screen Entertainment System |
| Cruise Control | Smart Phone Connectivity |
| Genuine Leather Accented Front Seats ¹ | Rear Parking Sensors |
| Blind Spot Monitor ² | 3 Tonne Braked Towing Capacity |
| Keyless Entry and Start | |

1. Leather accented features and upholstery contain some synthetic materials. 2. When a genuine tow bar and wiring are fitted, blind spot monitoring will be disabled. 3. Self engages when required under 30km/h. 4. Whichever occurs first. Subject to terms and conditions on ldvautomotive.com.au

WILLING **AND** ABLE

Do what you need to do, go where you need to go. The T60 is up to any challenge you care to take on – work or play, on-road or off.

With its 110kW/360Nm 2.8 litre turbo diesel engine and 3 tonne towing capacity, it has more than enough guts to handle both your weekday workload and your weekend toys.

And with 4-wheel drive shift with high and low range, Hill Descent Control and Rear on demand Differential Lock on the Luxe and Mega Tub, it turns the toughest tracks into a walk in the park.

RUGGED AND READY

The T60 is as serious about your work and play as you are. With its aggressive 17-inch alloy wheels, muscular wheel arches, angular headlights and predatory grille, it obviously looks the part. Don't be thinking it's just a pretty face though.

The dual cab will continue to impress thanks to the rugged roof rails which scream weekend adventure and its tub liner is tough enough to take more than its fair share of knocks. If you need extra tub space, that's no problem either, the Mega Tub comes with a massive 1.8m long tub (excluding tub liner) so you can take it all with you.

Your T60 is ready whenever you are. Plus, if you go for the Luxe or Mega Tub model, you also have the lightweight chrome sports bar to continue turning heads, while the Pro has a handy rear headboard for all your needs. Not forgetting the sturdy side steps and you have yourself a ute that's always ready for action.

NO NEED TO
ROUGH IT

Your ute may cop a bit of rough treatment, but that doesn't mean you have to, confidence comes from within. On-road or off, the T60 will treat you like a king.

You'll stay cool in summer and warm in winter with air conditioning, and with the Luxe and Mega Tub you'll have the added benefit of climate control and luxurious heated leather trim front seats. And talk about convenience! Cruise control makes highway driving a breeze, and the multifunction steering wheel puts the controls at your fingertips.

Plus, on the Luxe and Mega Tub, you don't even have to turn a key to enter the car, so long as you have it on you, entry will be seamless with the keyless entry; and just keep it in your pocket or anywhere else in the cabin really, and you can just press the Start button and you're away! It's a truly regal experience.

COMFORT TO MATCH

Stay connected and cruise with your favourite tunes. When your office is on the road, the T60 has all the convenient connectivity you could ever need.

Front & Centre on the dual cab is its impressive and intuitive 10-inch touchscreen entertainment system, complete with Smart Phone Connectivity, all without taking your attention off the road. Not forgetting Bluetooth, a 12V power outlet and two USB ports to put you in command of your day.

One day in the driver's seat, and you'll wonder how you ever lived without it! Especially when you factor in the six thumping speakers.

SERIOUS ABOUT SAFETY

A 5 Star ANCAP Safety Rating (2017) means it's crawling with safety features. No matter how rugged the vehicle, safety's always a priority. And in the T60, you – and everyone around you – can rest assured that this ute is packed with safety features. It has a 5 star ANCAP safety rating, 6 airbags and Electronic Stability Control, as standard. Smart safety, too. The Adaptive Front-lighting System (AFS) means you are given added advantage when cruising at night as the system adjusts the lights in the direction you intend to travel. Blind Spot Monitor* to see things you can't. Electronic Brake Assist (EBA) and Electronic Brakeforce Distribution (EBD) the powerhouse combo for braking confidence. The Hill Assist System stops you from rolling back on hills when you take your foot off the brake. And Driver fatigue monitor warns you when you should rest on those weekend road trips away. Plus, you get eyes all around you, thanks to the advanced 360° view camera available on the Luxe and Mega Tub.*

* Safety technologies may not operate optimally under all driving conditions, operation and effectiveness depends on many factors. Driver is responsible for safe and attentive driving. Safety technologies are not a substitute for the driver's control over the vehicle. See owner's manual for complete details.
