Type	Front	Ventilated discs	
	Rear	Drum	
Diameter	Front	mm	258
	Rear	mm	200
TYRES & WHEELS			
Tyre size		185/60R16	
Wheel size		16 x 5.5J	
Spare wheel		Steel (temporary)	

**Subject to model grade.

*Mazda Fuel Consumption and Emissions figures are based on ADR 81/02 test results under the NEDC test programme. This data is useful in comparing the fuel consumption of different vehicles, however it may not be the fuel consumption achieved in practice. This will depend on traffic and road conditions, accessories fitted and how the vehicle is driven.

Please note that from December 2021 the NZTA has standardised the reporting of all Fuel Consumption and Emissions data based on 3-Phase WLTP, using a formula to convert NEDC to 3P-WLTP. This data will appear on websites such as Rightcar and Fuelsaver.

The details and specifications described are subject to change without notice. Please consult your local Mazda dealer for exact information.
