STEP UP TO NEW MAZDA2

The time has come to step up to a car designed to take you to where you want to be. One that moves with an unprecedented level of style, sophistication as well as the very latest in safety and technology. One that represents your new beginning. It's time to step up to New Mazda2.

EXPERIENCE A HIGHER STANDARD OF DESIGN

Drawing on Mazda's signature 'Kodo - Soul of Motion' design language, the luxurious cabin has been infused with a sense of playful elegance. Light and shadow dance off the premium materials throughout, elevating the sense of quality in all directions. Extensive research has been undertaken to create a peaceful, quiet space where road noise is minimised and natural conversation can flow.

STYLE THAT DISTINGUISHES

Taking a 'less is more' approach to exterior design, New Mazda2 conveys a strong sense of quality and elegance that's well above its peers. The front grille has been refined and extended to give a sense of width, while the brand new wheel design and colours create a sense of poise and capability from front to back.

CONNECTIVITY THAT DOESN'T COMPROMISE

Every piece of technology within New Mazda2 has been engineered around effortless convenience. Apple CarPlay™ and Android Auto™ now standard across the range[§]. Choose your settings via MZD Connect's intuitive commander dial. While at night, the rearview mirror automatically adjusts and dims itself if it detects a high beam (Limited-grade model).

[§] Please check the compatibility of your device (particularly your mobile phone) with your Mazda Dealer as not all devices support connectivity or use all available items.

PERFORMANCE THAT TAKES CHARGE

With the evolution to the Skyactiv-G 1.5L engine, New Mazda2 delivers a new standard of drive. You'll love the fuel economy as well as the increased torque and faster engine response really helping you take charge. All while reducing harmful substances in exhaust emission.

SAFETY THAT'S A STEP AHEAD

New Mazda2 is equipped with the latest enhancements to our safety technologies to ensure even greater peace of mind. Lane-keep Assist (LAS) alerts the driver if they are deviating from their lane and provides gentle steering assistance to help them get on track. While Advanced Smart City Brake Support - Forward (ASCBS-F), Blind Spot Monitoring (BSM), Mazda Radar Cruise Control (MRCC) and Traffic Sign Recognition (TSR) provide added safety support, which means you can enjoy a drive that's full of confidence*.

*Deployment of safety technologies varies by grade.

SURROUND YOURSELF WITH QUALITY

To maintain the feeling of considered design throughout the cabin, luxurious materials from the seats adorn the door trims and centre dashboard. Beautiful to touch and to admire, these trims create a stylish, fresh ambience that speaks to New Mazda2's modern styling.

Black / Navy Cloth (GSX)

Blue Grey Leather# with Black Grand Luxe®^
Synthetic Suede (Limited)

Leather interior includes some Maztex material on selected high-impact surfaces.

POWERTRAIN – REFER GSX MODEL

KEEP A SAFE DISTANCE

Mazda Radar Cruise Control (MRCC)[†] automatically maintains a safe distance from the car ahead.

ON DISPLAY

The full-colour Active Driving Display presents only the most relevant information in the simplest fashion for you to see.

DIM THE LIGHTS

The auto-dimming rearview mirror detects the headlights of vehicles behind you, and if they're stronger than a preset level, automatically changes reflectivity to reduce glare.

[†] Driver assist technology only and should not be used in place of skilled and safe driving practices. It is the driver's sole responsibility to monitor vehicle surroundings and conditions and comply with all applicable laws at all times.

[#] Leather interior includes some Maztex material on selected high impact surfaces.
