AT ONE WITH THE ROAD

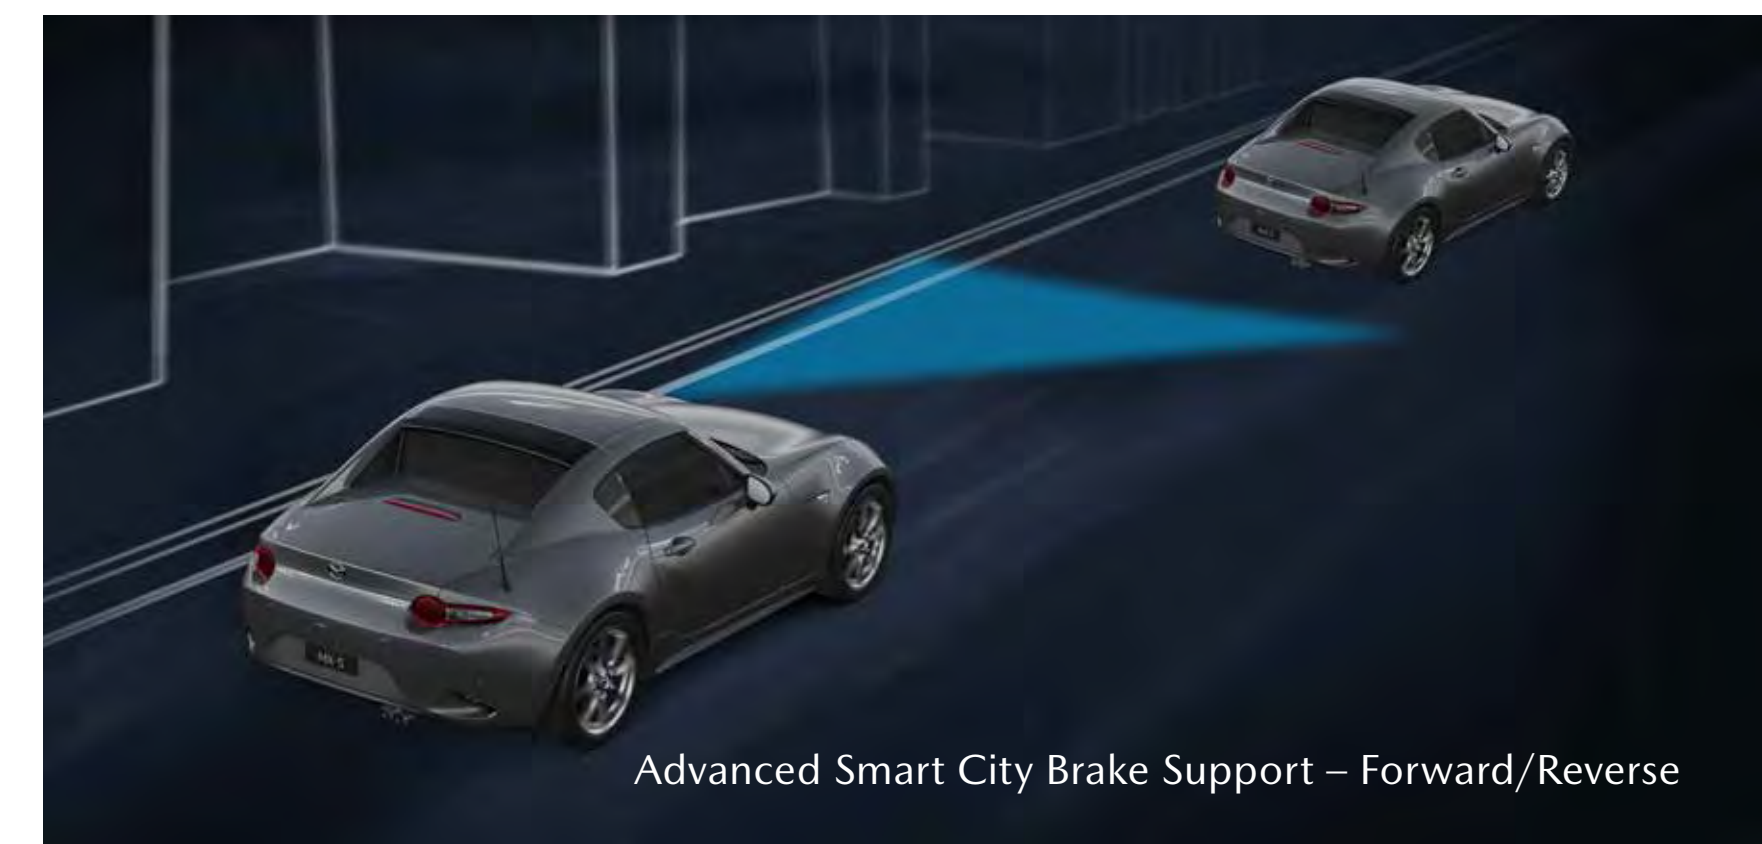

Lighter and more streamlined than ever, MX-5 captures Mazda's signature Kodo Design philosophy in its most exciting form. 'Jinba Ittai' – the philosophy of 'horse and rider as one' – can be felt in the ultra-responsive handling and enhanced feeling of balance and control as a result of perfect 50:50 front to rear weight distribution. Lean, muscular lines capture the moment energy becomes motion, while the uncluttered interior is designed to feel like an extension of the driver. As the world's most popular lightweight sports car for over two decades, iconic Mazda MX-5 excites every sense like only a true roadster can.

SAFETY NEVER TAKES A BACK SEAT

Mazda MX-5 is just as focused on delivering an exhilarating drive as it is maximising safety. i-Activsense safety technologies come standard across the range; including Traffic Sign Recognition (TSR)[†] which detects speed limit, no entry and stop signs then displays them to you, Rear Cross Traffic Alert (RCTA)[†] which helps you safely reverse out of parking spaces by alerting you to cars coming from either side, as well as a reversing camera. Also included are Advanced Smart City Brake Support – Forward/Reverse (ASCBS-F/R)[†] which monitors vehicles in front and behind to assess the possibility of a collision, and Adaptive LED Headlamps (ALH) which automatically adjust their brilliance as road conditions change.

[†] Driver assist technology only. It should not be used in place of skilled and safe driving practices. It is the driver's sole responsibility to monitor vehicle surroundings and conditions and comply with all applicable laws at all times.

COMMAND THE ROAD AHEAD

Mazda MX-5 is the epitome of the driver's car, giving you the feeling of being at one with the vehicle. Interior panels envelop the driver for a sport-luxe feel in the cockpit. Sink into the artfully designed seats and adjust the telescopic steering wheel for a truly bespoke driving experience. With MZD Connect, Mazda MX-5 becomes an extension of your smartphone, with Bluetooth as well as Apple CarPlay™ and Android Auto™ as standard. In addition, the MX-5 includes a premium 9-speaker Bose® sound system, featuring a subwoofer and driver's side headrest speakers.
