

Take Charge

MG ZS HYBRID+

RETHINK HYBRID. WE DID.

EFFICIENCY + POWER

MGMOTOR.COM.AU

Take Charge.

Our dedication to the electric revolution runs within our vision. We believe that our Hybrid vehicle range should not only be eco-conscious but offer the exhilarating feeling of performance with every drive. Here at MG Motor Australia, our company ethos, Take Charge, epitomises our strong dedication of the company and empowering our drivers as we lead the charge in the movement towards our electrification vision.

As our journey unravels, we are committed to inclusivity and allowing the opportunity for all Australians to take charge of their own electric milestones.

The MG ZS HYBRID+ reflects this commitment, now in the compact SUV space. It merges innovative, high-capacity battery technology within an efficient yet commanding hybrid powertrain.

The ease of acceleration, dynamic handling paired with peace of mind for ownership cost take your hybrid driving journey to an exciting new level.

Rethink Hybrid. We Did.

Say hello to the all-new MG ZS HYBRID+, an impressive addition to the MG collection that reimagines what the compact SUV is capable of. Its sleek form harmonises style and strength, making a powerful statement wherever you go.

Powered by MG's innovative HYBRID+ technology—equipped with a large 1.83kWh NCM battery, 100kW electric motor and a high-efficiency 1.5L naturally aspirated engine, together delivering a combined maximum power of 158kW. Enhanced with an advanced 3-speed Hybrid Transmission, the ZS HYBRID+ delivers a smooth and dynamic driving experience.

Driven by innovative Hybrid tech, the all-new MG ZS HYBRID+ is also featured packed, with a redesigned interior, dependable safety, innovative infotainment, and even more space for whatever life throws at you.

This versatile SUV adapts effortlessly to your needs, making it the perfect companion for both the everyday and spontaneous escapes.

High-Capacity = High Performance

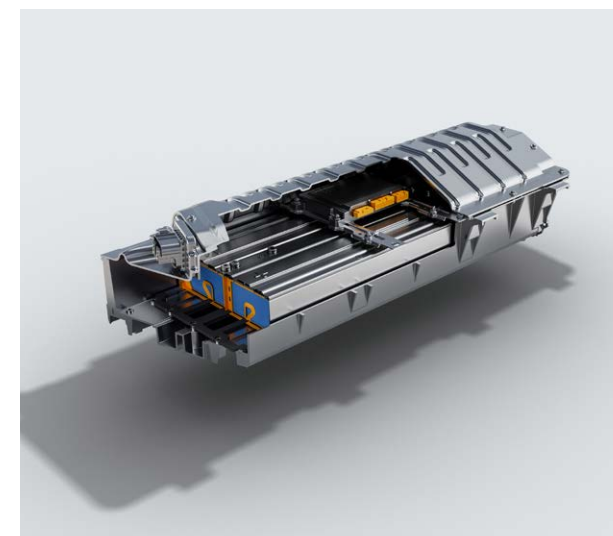

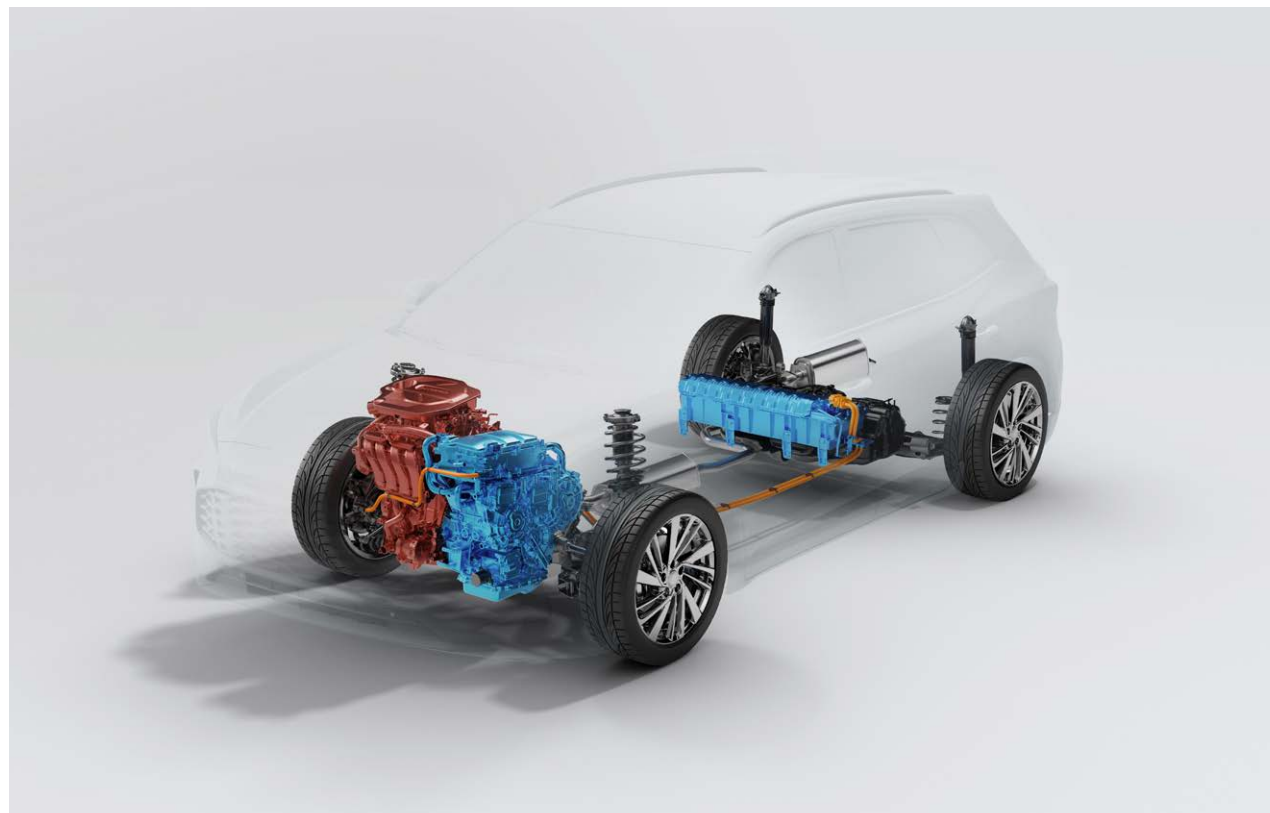

EFFICIENCY THAT LASTS LONGER. POWER WHEN YOU NEED IT.

The HYBRID+ 1.83 kWh NCM battery offers efficient power for a EV-like experience, making it one of the largest hybrid batteries in its HEV segment.

The ZS HYBRID+ intelligently recharges while driving, delivering an EV-like feel with a quiet cabin and responsive performance when you need it. Additionally, the HYBRID+ battery is backed under our industry-leading 10-Year Warranty.~

With a combined max power of 158kW and combined max torque of 465Nm, the ZS HYBRID+ pairs this high-capacity battery with a 3-speed hybrid automatic transmission for optimal performance.

The ZS HYBRID+ achieves a combined fuel consumption of 4.7L/100km and CO₂ emissions of 110g/km, blending petrol and electric power for a cost-effective, powerful drive.

Drive Smarter, Not Harder.

ADVANCED HYBRID+: NO PLUG-IN, ALL PERFORMANCE

The all-new MG ZS HYBRID+, which has been entirely reimagined from the ground up, exemplifies our ongoing commitment to progress and innovation in automotive engineering.

Enjoy the EV-like feel with the **responsiveness** and **high power** of a refined hybrid powertrain, all without the need to plug-in to charge.

The new MG HYBRID+ system adapts intelligently to driving conditions, balancing efficiency and performance*. At low speeds, the electric motor provides a responsive, eco-friendly drive, while the engine powers and recharges the battery as needed. On highways, the combustion engine takes over, optimised by a 3-speed Hybrid transmission to maintain smooth acceleration and high efficiency.

*Propulsion Modes can differ depending on battery State of Charge (SOC), driving behaviour and external road conditions. †Figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real-world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

6 HYBRID+ Propulsion Modes

The HYBRID+ 8 propulsion modes – all controlled by the vehicle in the Intelligent Hybrid Control Unit – provide unparalleled versatility, seamlessly self-adapting to maximise fuel efficiency and provide power when you need it at every stage of your journey.

1. **EV MODE:** Driven on Electric
2. **SERIES MODE :** Engine → Generator → Electric Motor → Wheel
3. **SERIES + CHARGE:** Engine → Generator → Electric Motor → Wheel + Engine → Generator → Battery
4. **DIRECT PROPULSION:** Engine → Transmission → Wheel
5. **DIRECT PROPULSION + CHARGE:** Engine → Transmission → Wheel + Engine → Generator → Battery
6. **PARALLEL MODE:** Engine → Transmission → Wheel + Battery → Electric Motor → Wheel
7. **ENERGY REGENERATION:** Wheel → Electric Motor → Battery
8. **IDLE CHARGE:** Engine → Generator → Battery

HYBRID+ The Smart Way Forward

PERFORMANCE MEETS EFFICIENCY

MG's HYBRID+ powertrain combines electric and petrol power, offering both efficiency and performance – no compromises needed!

NO PLUGGING IN NEEDED

Conveniently recharge as you drive, storing more electric energy into the high-capacity battery through braking and deceleration – meaning more electric power to support your drive.

QUIET AND REFINED DRIVING

With a sleek design and advanced engineering to minimise noise, vibration, and harshness (NVH), MG's new design language offers a feel-good, EV-like experience for both driver and passengers.

GO LONGER FOR LESS

Fuel economy is maximised in the ZS HYBRID+, letting you enjoy longer trips without constant stops for refueling – meaning there's also saving on costs from your pocket!

POWER WHEN YOU NEED IT

Thanks to the instant torque of the electric motor, MG's HYBRID+ models offer smooth, powerful acceleration without delay, enabling a controlled, efficient start.*

CUT DOWN ON EMISSIONS

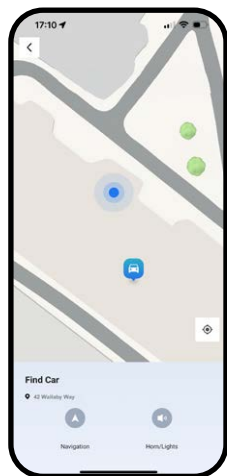

By using less petrol in the HYBRID+ thanks to the large battery, driving emissions are lowered. Drive with impact and cut down on emissions for your next journey.

*Propulsion Modes can differ depending on battery State of Charge (SOC), driving behaviour and external road conditions.

CONNECTED CONVENIENCE, INSIDE AND OUT.

With MG iSMART, you can control key functions of your ZS HYBRID+ remotely, including monitoring charging and checking vehicle status – all from your smartphone.

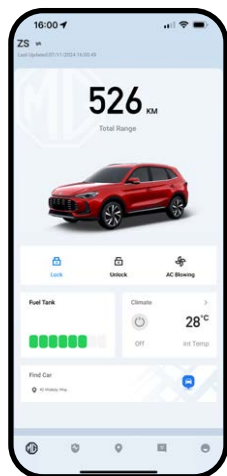

MATE, WHERE'S MY MG?

Lost track of where you parked? With a simple tap, the app shows your MG's precise location on the map, so you can navigate back easily.** For added convenience, activate the car's horn and flashing lights to spot it instantly in crowded parking lots. No more searching – your MG is just a tap away.

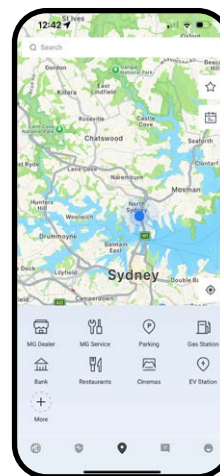

REMOTELY CONTROL FUNCTIONS

Enjoy the convenience of setting the air conditioning to cool your MG before you even get in, perfect for your daily commute or summer adventures. During colder months, you can remotely activate the driver's seat heating to stay cozy.*** Plus, lock and unlock your MG with ease – all from a distance.

CHECK MG OUT

All from the iSMART app, you can conveniently check your vehicle's status, including door locks, tyre pressure, fuel levels, engine health, and airbag readiness, all from your smartphone.

YOUR TRAVEL GUIDE

With just a tap, the Travel Planner lets you explore and search for destinations using the inbuilt digital map. Effortlessly plan your journey by browsing nearby points of interest, and mapping out your route.

MG Design Language

Coming in both Excite and Essence trims, the MG ZS HYBRID+ benefits from an enhanced standard specification while borrowing a touch of sporting style from its soulful siblings.

Featuring bold slimline LED headlights that transform what it means to be visually captivating, the ZS HYBRID+ showcases elegantly crafted lines and striking air inlets that not only contribute to its aesthetic appeal but also improve aerodynamics for a smoother ride.

Measuring at 4430mm in length and standing 1635mm tall, the ZS HYBRID+ commands a strong presence on the road. Its larger dimensions provide ample space for both passengers and cargo, while the sleek silhouette creates a sense of leaping movement, showcasing a distinctive flair that sets it apart.

Built For The Hybrid Driver

EFFICIENCY MEETS TECH

The ZS HYBRID+ is designed to be a convenient Hybrid, with a focus on the additional benefits of Hybrid driving at your fingertips.

Efficiency meets technology with the Energy Regeneration Mode taking efficient driving to the next level – easily set the energy regeneration level when decelerating, with three options: HIGH, MEDIUM, and LOW, to suit you and your drive, via the DRIVING Tab on the Infotainment Screen or through the shortcut button on the steering wheel.

Further tailor your drive your way with the selection of Driving Modes via the button on the Centre console – ECO, NORMAL & SPORT– to set the drive responsiveness to your mood.

Conveniently placed on the 3-spoke steering wheel, the customisable shortcut buttons allow for various functionality at the touch of a button. Adjust the A/C settings, switch energy regeneration levels, and more.

Whats On The Inside Counts

You've seen the outside, now take the drivers seat in the all-new MG ZS HYBRID+, where efficiency meets elegance. The interior features plush, soft-touch materials and high-quality accents that create a serene, comfortable atmosphere. At its center, a 12.3" Virtual Driver Instrument Display, a standard on Excite and Essence, provides essential information at a glance. The 12.3" Infotainment Touchscreen with Apple CarPlay® and Android Auto™ integration allows seamless access to apps, music, and navigation, offering a connected, immersive driving experience.

Keyless Entry and Push Button Start, standard on both MG ZS HYBRID+ variants, let you unlock and start the car without searching for keys.

Enjoy high-quality sound with the digital radio and 6-speaker audio system, and easily navigate with the built-in satellite navigation. The 443-litre boot expands to 1457 litres with the rear seats folded, providing plenty of space. Multiple USB ports – two in the front, one under the mirror conveniently placed for your dashcam accessory, and one in the rear – keep everyone connected.

Both MG ZS HYBRID+ variants come standard with the MG PILOT Safety suite for added peace of mind. With features to keep devices powered and passengers entertained, the ZS HYBRID+ ensures a comfortable and convenient journey every time.

For a premium experience, the top-tier Essence variant focuses on elevating the driver and passenger comfort and includes 6-way electric adjustable driver seat with manual lumbar support, front seat heating for driver and passenger, a leather-wrapped steering wheel, electronic panoramic stargazer sunroof, PVC trim throughout the interior design, 18-inch alloy wheels, and perforated PVC seating in the front and rear.

Advanced Safety, Enhanced Driving

We know when it comes to picking the right car for the family, safety is of the utmost importance and the all-new MG ZS HYBRID+ has been designed with exactly that in mind. Engineered with cutting-edge safety technologies, the MG ZS HYBRID+ offers protection for you and your loved ones.

Its advanced PILOT Safety suite features are all meticulously designed to enhance your safety on every journey. Beyond its superior safety performance, the MG ZS HYBRID+ combines premium driving and comfort with the highest standards of safety, ensuring you can drive with complete confidence and peace of mind.

INTELLIGENT SPEED LIMIT ASSIST

Actively detects speed limit signs and alerts you to your current vehicle speed.

AUTONOMOUS EMERGENCY BREAKING

AEB maintains continuously monitors the road ahead, autonomously engaging the brakes should it detect any obstacles posing a potential threat to the driver.

LANE KEEP ASSIST

Alerts the driver when the MG ZS HYBRID+ is getting too close to the lane edge.

INTELLIGENT CRUISE ASSIST

Autonomously tracks the vehicle ahead, managing acceleration, braking, and steering to remain within the lane at cruise speed.

ADAPTIVE CRUISE CONTROL

Detects the front vehicle position and keeps a safe distance between your MG ZS HYBRID+ and the car in front.

LANE CHANGE ASSIST

Alerts the driver when the MG ZS HYBRID+ is approaching the lane edge too closely.

REAR CROSS TRAFFIC ALERT

Alerts you of approaching vehicles and pedestrians when reversing out of parking spaces.

FORWARD COLLISION WARNING

Senses impending collisions and applies the brakes to help avoid or lessen impact.

BLIND SPOT DETECTION

Registers objects in hard-to-see areas to help you change lanes safely.
