All-new Patrol

ALL-NEW NISSAN PATROL

75 years in the making since its global introduction, the 7th generation Nissan Patrol arrives to set a bold new duality for capability and craftsmanship.

Defined by an unmistakable presence, commanding silhouette and striking signature LED lighting, Patrol makes an unmistakable statement on and off road. At the heart of the Patrol is a 3.5L twin-turbo V6 from Nissan's renowned VR engine family, a family that includes the legendary GT-R. Paired with a 9-speed automatic transmission, Patrol delivers a formidable 317 kW of power and 700 Nm of torque with a 3.7 tonne maximum braked towing capacity[‡].

A spacious first-class cabin sets the Patrol apart, with three full rows of seating designed to comfortably accommodate up to eight adults. A sprawling widescreen monolith display anchors the cutting edge, crafted interior and showcases advanced technology including the invisible hood 'skeleton view' to provide a clear camera-fed look at the terrain beneath.

The following overview highlights key grade features and is not an exhaustive list. A comprehensive, grade-by-grade feature breakdown will be released throughout 2026.

Ti

Highlighted features

The all-new Nissan Patrol is not yet available for purchase. All images and features shown throughout are based on the pre-production model. Actual New Zealand production model may vary. Images shown are indicative only.

^Δ Up to 10 years or 300,000km (whichever occurs first), when servicing at authorised Nissan dealers. Where vehicle is not serviced through Nissan or ceases to be serviced at Nissan, additional years will not be added so 10 year/300,000km warranty (whichever occurs first) may not apply. Warranty protection will remain 5 year/150,000 kilometre warranty, plus any additional service activated years previously added. Conditions apply. Full terms at [Nissan.co.nz/warranty](https://www.nissan.co.nz/warranty).

[‡] Towing capacity is subject to towbar/towball capacity and is based on the fitment of a Genuine Nissan towbar. Towing capacity figure described is a maximum figure. Actual towing capacity depends on the laden mass of the vehicle, driving conditions, fitment of any accessories or towing equipment limitations including the maximum towball download.

⁺ ProPILOT cannot prevent collisions. It is the driver's responsibility to be in control of the vehicle at all times. Always monitor traffic conditions and keep both hands on the steering wheel. System operates only when lane markings are detected. Does not function in all weather, traffic and road conditions. System has limited control capability and the driver may need to steer, brake or accelerate at any time to maintain safety. See Owner's Manual for safety information.

^{*} Leather-accented features and upholstery may contain synthetic material. Minor trim variations may occur from time to time.

^Δ All-new Nissan Patrol vehicles come with a complimentary 2-year subscription to NissanConnect connected car services, a subscription-based service. Once the initial 2-year ends, an annual fee will apply and the service will not be automatically renewed unless the purchaser chooses to take up an annual subscription. Please speak with a dealer for details on subscription options and pricing, noting that options and pricing may be subject to change. Google built-in is a trademark of Google LLC.
