RAM 1500

RAM 1500 V8 HEMI — 2020

WITH NEW EXPRESS CREW CAB

I AM RAM

THE NEW RAM 1500 GAME CHANGER

With so many class exclusive and best-in-class features, where to begin? If you want to tow more, carry more, move more, see more and enjoy more, the RAM 1500 Pickup Truck provides a vastly superior solution to ute buyers. The RAM 1500 is the only full size, American made Pickup Truck that goes beyond anything most premium mid-size utes can deliver. Here's why:

**V8
HEMI**

BEST IN-CLASS POWER

The RAM 1500 Pickup Truck offers the only V8 Hemi engine in its class, and is without a doubt the most powerful. The V8 Hemi delivers 291kW of power and 556Nm of torque, while delivering the unmistakable V8 rumble to announce your arrival.

BEST IN-CLASS TOWING

Up to 4.5 Tonne max towing! That's a whole tonne more than any ute in its class! With a maximum braked towing capacity across the range of up to 4.5 Tonnes, nothing comes close to the RAM 1500 when it comes to towing.

**UP TO
4.5T
MAX BRAKED
TOWING**

**FITS
FULL SIZE
PALLET**

BEST IN-CLASS CARGO SPACE

The RAM 1500 Express Quad Cab has a whopping 6'4" tub, delivering a load length of almost 2m long (1,939mm) and just over 1.6m wide (1,295mm between the wheel arches), allowing for a full size pallet with ease, along with plenty of left over space. No 5 seater ute can give you a bigger cargo bed than the RAM 1500 Pickup Truck.

BEST IN CLASS CAB SIZE

The RAM 1500 Laramie is the top of the range, the leader of the pack when it comes to cabin space and luxury. Both the 4x4 Laramie and Express Crew Cabs have more front head and shoulder room than the competition, and more rear head room, leg room and shoulder room than 5 seater utes.

CUT NO CORNERS. LEAVE NO STONE UNTURNED.

THE LINE UP

Available for the first time in New Zealand by Australia's only factory-authorised importer of RAM Trucks, the RAM 1500 line-up includes the premium, top of the range **Laramie**, and the **Express**, both delivering unrivalled capabilities. And is offered with a comprehensive three year/100,000 km warranty* and Roadside Assistance* (whichever occurs first) and backed by a nationwide dealer network.

*Terms, conditions and exclusions apply.

Standard features across the range include:

DRIVE LINE

- Powerful 5.7L V8 Hemi Engine with VVT and Fuel Saver Technology
- Torque-flite 8-speed Automatic transmission
- Active Grille Shutters
- Front and Rear Coil Spring Suspension

TOWING AND RECREATION

- Up to 4.5 Tonne Max Braked Towing
- Trailer Brake Control
- Heavy Duty Tow Bar
- 4x4
- 5 Seats

EXTERIOR

- 20" Wheels
- Bed Liner
- Side Steps
- Fog Lamps

SAFETY

- Vehicle Stability Control
- Brake Assist
- Anti-Lock Braking System (ABS)
- Traction Control System (TCS)
- Electronic Brakeforce Distribution (EBD)
- Trailer Sway Control (TSC)
- Hill Start Assist (HAS)

RAM 1500 LARAMIE

4X4 CREW CAB

RAM 1500 LARAMIE 4X4 CREW CAB

UNRIVALLED CAPABILITY MEETS PREMIUM STYLE, COMFORT AND LUXURY

Boasting a cabin that's fit for a king, inside and out, the RAM 1500 Laramie crew cab is the exact same cabin that is used on the heavy duty RAM 2500. No corners have been cut, no sacrifices made. Just the biggest and best cab now made available on the RAM 1500 Pickup Truck.

LARAMIE CREW CAB Key Features;

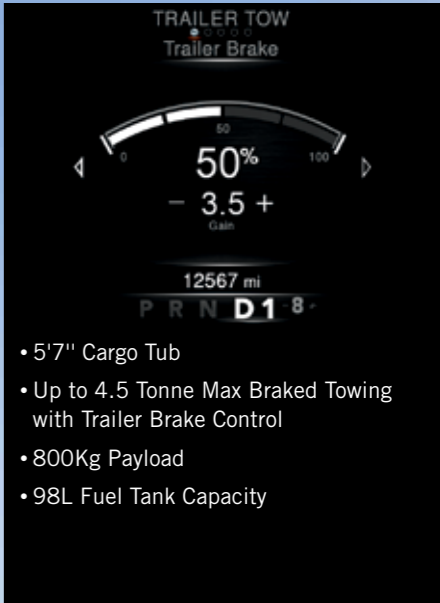

- 5-Seater Crew Cab
- Luxury Leather Trim Interior
- Heated & Ventilated Front Seats
- Heated Rear Seats
- Heated Steering Wheel
- Remote Keyless ENTER 'N GO™ with Remote Proximity Key & Remote Start

- 8.4" UCONNECT® Touchscreen
- Apple CarPlay™
- Google Android Auto™
- 7" Multi-view Cluster
- 9 Alpine amplified speakers with subwoofer
- Navigation

- Premium Chrome Grille, Bumpers, Badge Accents
- Wheel to Wheel Side Steps
- 20" Chrome Clad Aluminium Wheels (WRG)
- Chrome rear bumper with chrome tipped dual exhaust tailpipes
- Front & Rear ParkSense® with ParkView™ Rear Back-Up Camera

- 5'7" Cargo Tub
- Up to 4.5 Tonne Max Braked Towing with Trailer Brake Control
- 800Kg Payload
- 98L Fuel Tank Capacity

NEW **RAM 1500 EXPRESS** 4X4 CREW CAB

Now available with;

- New Spacious Crew Cab
- 8.4" UCONNECT® Touchscreen
- Distinctive Black Accents
- Sports Hood

NEW
TO 2020

NEW RAM 1500 EXPRESS 4X4 CREW CAB

NEW TO THE 2020 RAM 1500 LINE UP IS THE RAM 1500 EXPRESS 4X4 WITH A BIGGER, MORE SPACIOUS CREW CAB.

As if your standard Ram 1500 Express wasn't tough enough to begin with, this Express Crew Cab brings a host of additional features and equipment beefing it up even further. In addition to the bigger crew cab, you can expect a durable black cloth trim interior, the 8.4" UCONNECT® Touchscreen with Apple CarPlay™, Parkview™, Navigation, and on the outside a sports hood, smoked headlamps, black badging, 20" black painted rims, and black side steps.

The 5'7" cargo tub on the Express Crew Cab will take a full-size pallet thanks to its 1,295mm width between the wheel arches.

Aussie customers wanted a bigger cab and a bigger touchscreen on the value-packed Express, so here it is.

NEW
TO 2020

Multi-Link Coil
Spring Rear

RAM 1500 EXPRESS

4X4 QUAD CAB

RAM 1500 EXPRESS 4X4 QUAD CAB

UNRIVALLED CAPABILITY, BUILT FOR ANY CHALLENGE

Standing out for exceptional style and value the Express is designed and built with performance and functionality at its core. With a durable interior that will withstand the toughest conditions, combined with a massive 6'4" cargo tub, the Express is equipped with plenty of space to accommodate both work and play. The Express will take a full-size pallet with ease and you'll still have space left over, thanks to the cargo tub length of almost 2 meters (1,939mm), and a width between the wheel arches of 1,295mm. No corners have been cut, no sacrifices made. Just one smart package that's been purpose-built with the flexibility to undertake any challenge. The RAM 1500 Express, will impress!

EXPRESS QUAD CAB Key Features;

- 5-Seater Quad Cab
- Durable Cloth Interior
- Adjustable steering column
- Front centre storage
- Rear under seat compartment storage

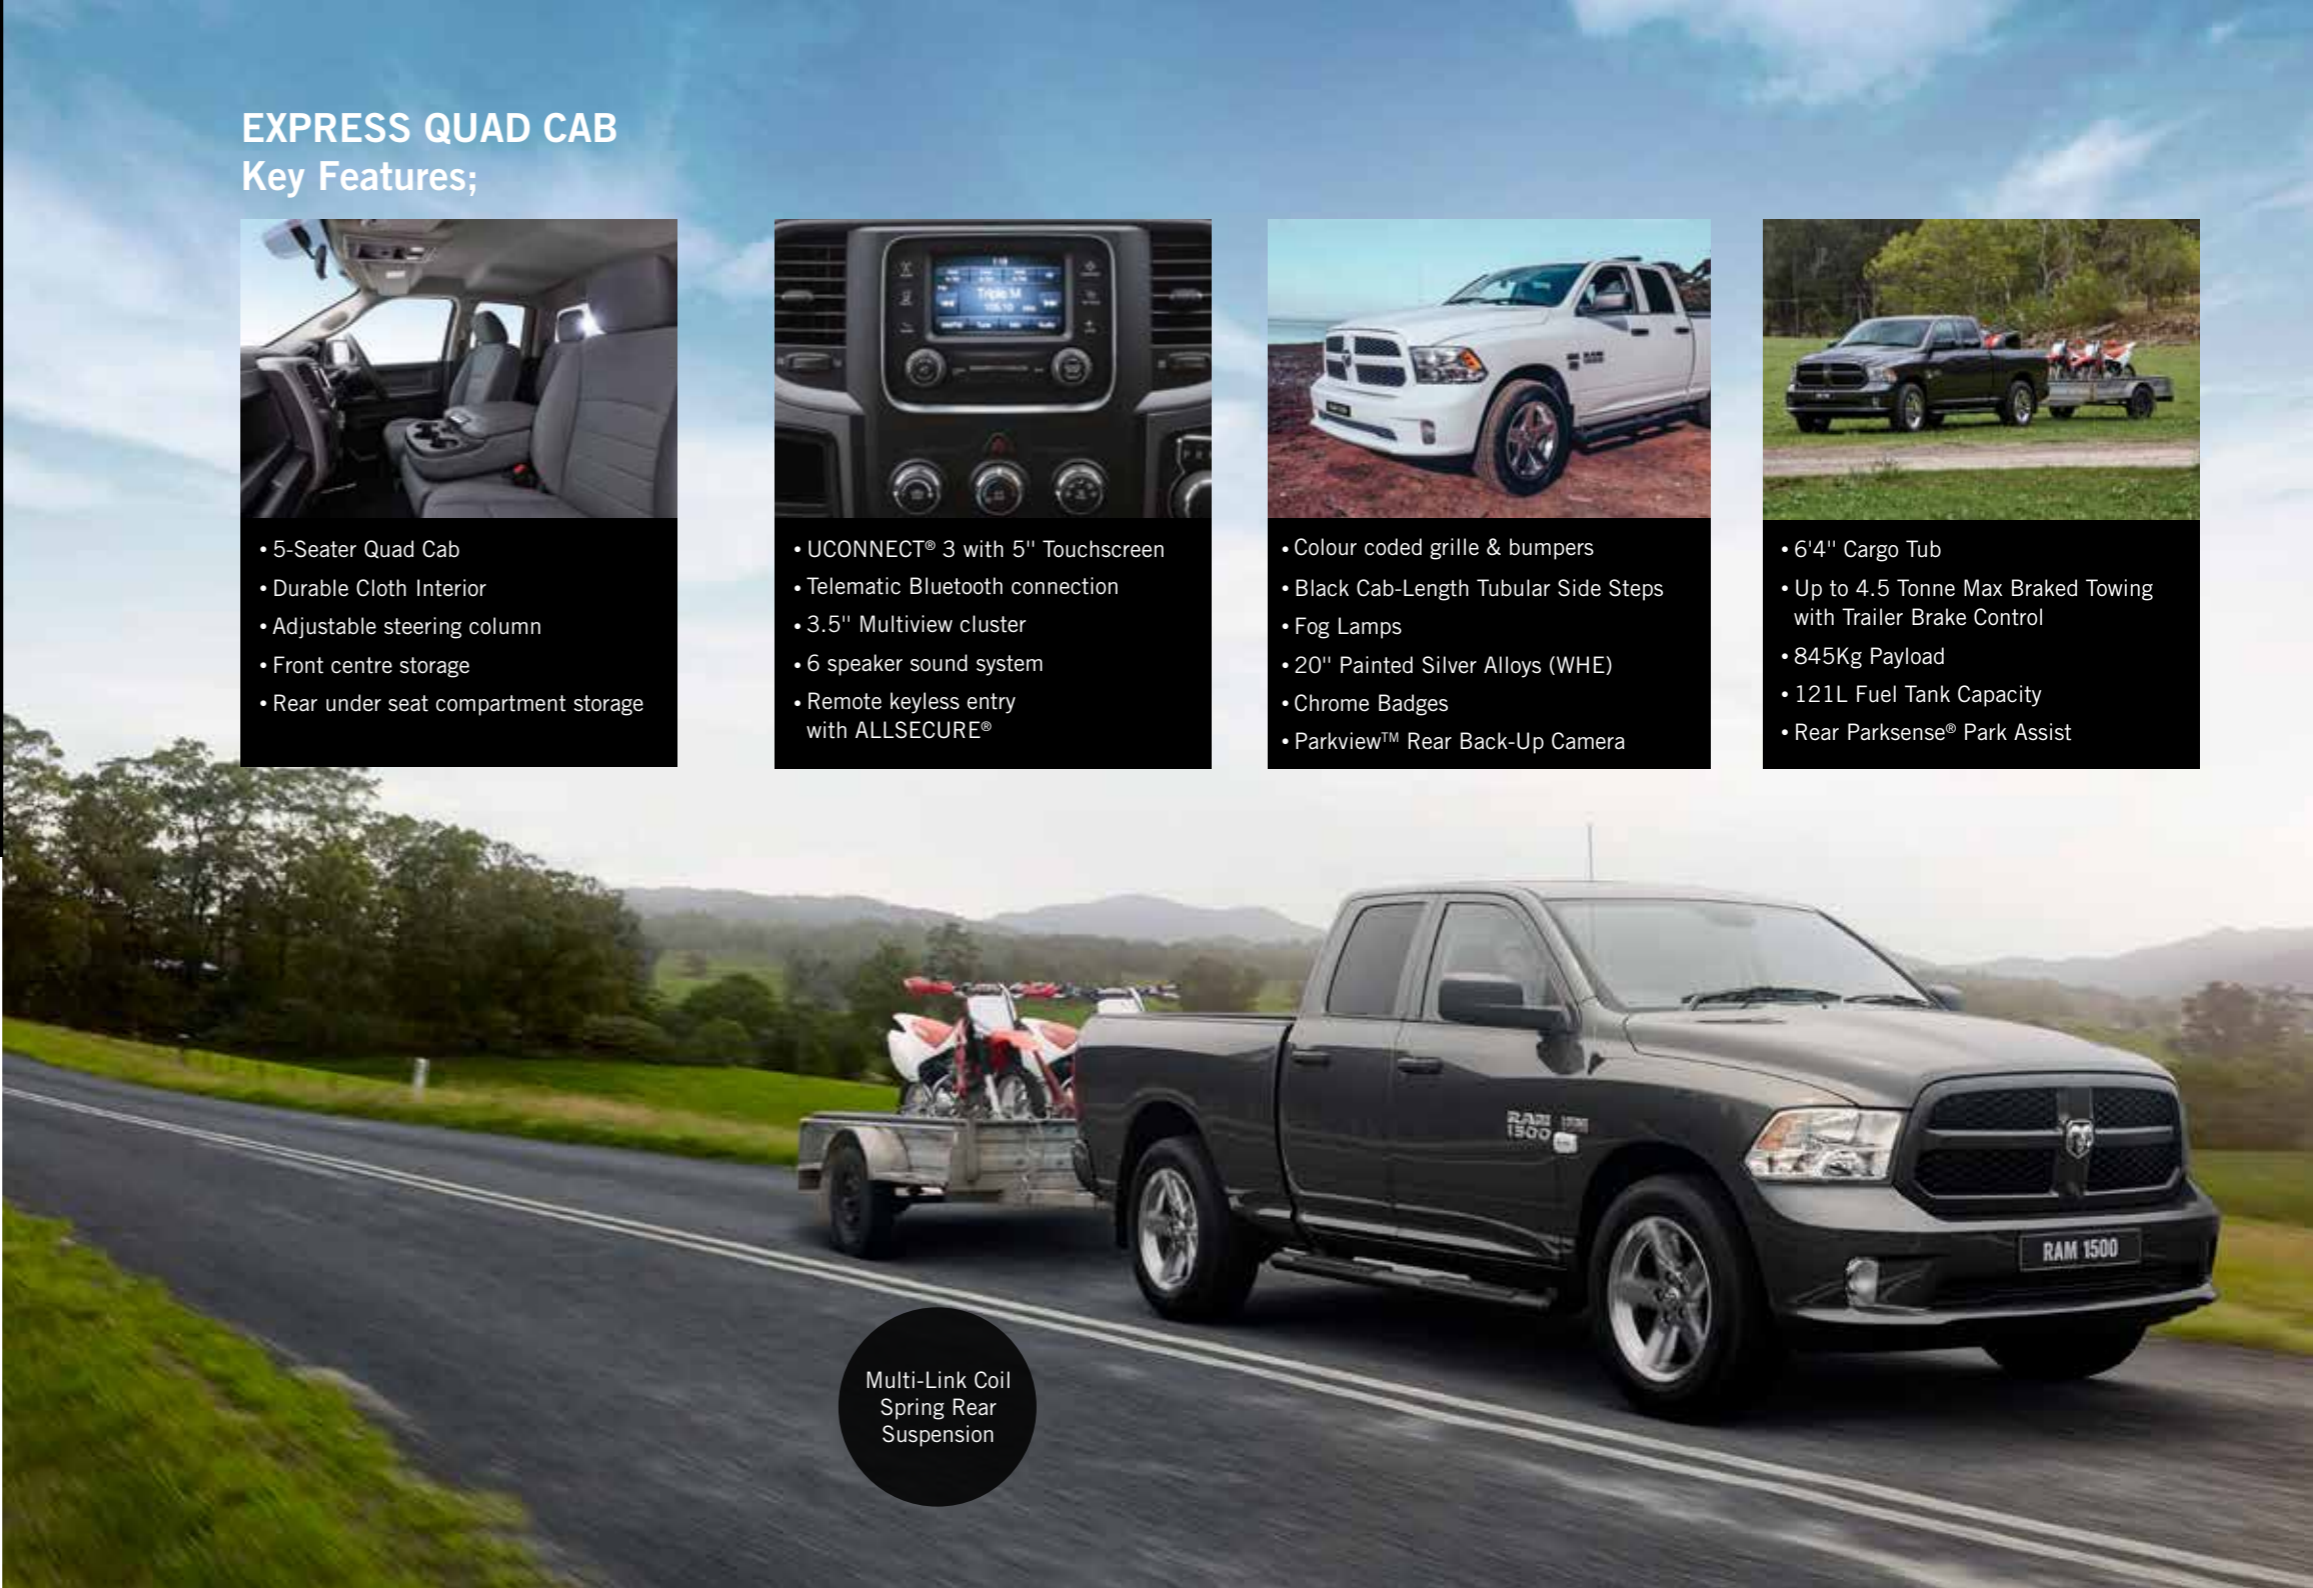

- UCONNECT® 3 with 5" Touchscreen
- Telematic Bluetooth connection
- 3.5" Multiview cluster

RAM EXCLUSIVE FEATURES

More powerful than a ute.

More capable than a ute.

More exclusive features than a ute.

RAM 1500: EATS UTES FOR BREAKFAST.

RamBox®

Active Grille Shutters

RamBox®

Cargo Management System

Genius Design, Genius benefits

Available on the V8 Hemi Laramie and Express Crew Cab variants, the class-exclusive RamBox® Cargo Management System is more than just a tool box. It features a lit, secure/lockable, durable and drainable storage system incorporated into the side rails of the truck tub. The AllSecure® remote security system allows remote locking and unlocking of the RamBox®, as well as the rest of your RAM Truck with the push of a button. RamBox® vehicles come equipped with a cargo bed extender/divider, cargo bed rails with four adjustable tie-down cleats, as well as cargo box lighting and a tonneau cover.

The adjustable and lockable bed divider/extender fits on the lowered tailgate, increasing the cargo bed length to secure longer loads.

The bed divider creates individual compartments in the tub bed to separate equipment and keep it secure or it can be used to extend the load space onto the tailgate. The cargo rail system on both sides of the tub bed has sliding, adjustable cleats for infinitely adjustable tie-down versatility.

Available on Crew Cab V8 models, the RamBox® provides 210 litres of storage space on both sides of the tub making them large enough to hold items like golf clubs, helmets, tool boxes, chainsaws, fishing rods and all kinds of gear.

Drain holes inside the RamBoxes allow this space to be used as cool storage with ice and space on either side of the tub. The water resistant/weatherproof and lockable RamBoxes keep items safe and dry.

Overseas models shown.

UNCOMPROMISING. UNRELENTING. FOR A LIFE BEYOND THE ORDINARY.

ACTIVE GRILLE SHUTTERS

The RAM 1500 range breathes on its own! It comes standard with Active Air Grille shutters, which block front-end airflow openings to reduce drag while maintaining optimal engine temperatures. Reduced drag helps improve efficiency. These shutters open and close automatically, based on various inputs from the vehicle. For example, when a vehicle is travelling at highway speeds and producing moderate engine temperatures, the shutters are closed, which directs airflow around the vehicle to reduce drag and improve efficiency. When the vehicle is operating in heavy stop-and-go traffic or pulling a trailer, the shutters remain fully open to allow air to flow into the engine compartment for optimal engine cooling.

FUEL SAVER TECHNOLOGY

Fuel saver technology deactivates half of the engine cylinders when less power is needed resulting in more efficient fuel consumption.

 12.2 L/100km*

* Combined figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.

⁺ Maximum braked towing capacity is subject to regulatory requirements and vehicle weight restrictions (which may require occupants and/or luggage to be restricted)

[°] Payload and kerb weight figures are based on vehicle certification. It is the driver's responsibility to ensure: weight of fully loaded vehicles do not exceed GVM; front and rear axle load limits are not individually exceeded; the combined weight of the fully loaded vehicle (including tow ball download when towing) and trailer does not exceed the GCM; compliance to State and Territory towing regulations. Payload is the combined value of occupants, luggage, cargo, added options, accessories and tow ball download (when towing). Kerb weight includes the vehicle with a full tank of fuel and all standard equipment, excluding occupants. Additional weights of optional features, occupants, luggage, cargo, accessories and tow ball download (when towing) must be taken into account when calculating payload.

* Figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.
