UNRIVALLED EVERYDAY

RAM

UP TO **6.9T**
MAX BRAKED TOWING*

*6,942kg when fitted appropriate Pintle tow hitch and air brakes to suit your vehicle and trailer in accordance with the varying towing & licensing rules and regulations of New Zealand. It is the driver's responsibility to consult local authorities and to ensure compliance with New Zealand towing & licensing rules and regulations. The driver must also ensure that the vehicle's GVM, GCM, axle load ratings, and wheel load ratings are strictly complied to, these can be found in the specification sheet published on ramtrucks.co.nz. Always, consult your local authorities, secure your load safely, and follow safety standards. J.D. Power 2021 U.S. Initial Quality Study (IQS).

BUILT FROM THE GROUND UP FOR HEAVY DUTY ASSIGNMENTS

Big brother to the Ram 1500, the next generation 2500 Heavy Duty is the most powerful, most capable pickup in the segment. The Ram Heavy Duty sets benchmarks in ride and handling, materials, innovation, space and technology extending well past the norm in this class of pickup.

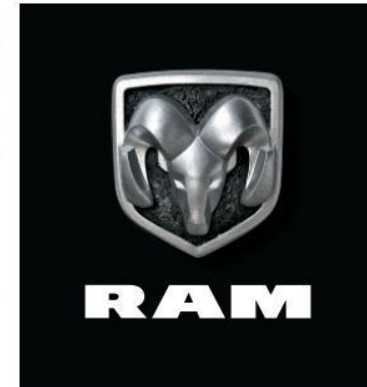

Giving maximum effort all day, every day with confidence, the Ram Heavy Duty 2500 steps forward with the full force of modern capability. With heavy duty application, owners demand the highest levels of capability to tackle the biggest of towing jobs and the 2500 delivers just that. Unrivalled power, towing, premium quality interiors, active safety systems and of course our award-winning Uconnect® technology contribute to the best Ram 2500 ever built.
