Transmissions are sporty and refined in either automatic or manual. Mazda CX-3 offers front-wheel drive, or intelligent i-Activ AWD (all-wheel drive) that monitors and even predicts road conditions for maximum grip and performance.

Wherever you're headed, Mazda CX-3 is geared to go. Standard on every grade, MZD Connect includes Apple CarPlay® and Android™ Auto and taps into your smartphone, your music and contacts, plus online content and more§ Everything is displayed on a centrally-located touch screen for maximum concentration on the road‡ Just as thoughtful is the multi-function commander dial, which allows control on the move with minimum distraction.

STYLE MADE VERSATILE

Comfortable, clever and capable, Mazda CX-3 features an intelligently-designed, well-crafted cabin that adapts to your lifestyle. The rear seats split 60/40 to allow for large or awkwardly shaped items. Folding down both rear seats creates a large, virtually flat-floored space. A handy two-way floor lets you customise carrying capacity even more – hide a handy extra compartment, or lower to expand the cargo bay. All your personal items have a place with plenty of useful storage.

CONFIDENCE-INSPIRING SAFETY

With an interior promoting driver concentration plus sharp reflexes, Mazda CX-3 is well-armed to avoid potential trouble with a suite of state-of-the-art safety features. Collision protection is world-class, thanks to a highly rigid body integrating SRS airbags. The full suite of advanced safety technologies is on display including the addition of a 360° View Monitor giving you a complete view of what’s happening around you. Mazda CX-3 is designed with safety in mind so you can enjoy its exciting abilities with confidence†
