96 HP

SPECIALIST RANGE

CAB

The Agroplus Profiline 420 is the complete package.

Reliable, competitively priced and economical to run, it is ideal as the main tractor in a small to medium farm, or as a specialised unit for vineyard or horticultural operations.

Its short wheelbase, impressive steering angle (55 degrees for 4WD versions) and minimum overall width of 1.65 metres make it the ideal choice for working in confined, maze-like spaces.

The Agroplus Profiline 420 also boasts an extraordinary weight/power ratio with a flat platform, making it one of the best choices available for specialised applications.
