Ironman 4x4 and Alu-Cab; for a lifetime of adventure

Alu-CabTM

ULTIMATE OVERLAND PRODUCTS

Alu-Cab 'Ultimate Overland Products' are available in Australia exclusively through Ironman 4x4.

The Alu-Cab journey commenced in 1999 with the development of the first ever aluminum canopy specifically engineered for off-road travel.

This unique creation led to further expansion of the Alu-Cab range through the addition of many innovative products.

Some of these include; the ever popular 270° Shadow Awning and the Generation 3 Expedition Aluminium Clam-Shell Rooftop Tent.

Today Alu-Cab continue to deliver high quality, innovative vehicle accessories and conversions - manufactured in South Africa and available across Australia exclusively through Ironman 4x4.

GENERATION 3.1 EXPEDITION TENT

FUNCTIONAL COMFORT AND CONVENIENCE

- Lightweight aluminium construction
- Streamlined aerodynamic profile
- Wind resistant gas strut assisted pop-up design
- Hard-shell structure, roof load rated to carry 50kg
- Dual layer canvas provides protective insulation
- Quick release telescopic ladder with wide angled foot treads and stows away inside tent when closed
- 75mm high density foam mattress with zip-off cover
- 3D breathable under mattress mesh
- Triple access points with entry awning
- Roll up rear and single side entry rain awning
- Internal USB and 12V sockets
- Zippered raised air vents
- 5 dual colour lights
